

TERRE HAUTE OFFICIALS ARE FOUND GUILTY BY JURY

Indianapolis, April 6.—All of the 27 defendants, including Mayor Donn M. Roberts, in the Terre Haute election fraud case, were found guilty by a jury today. The case has been on trial in the federal court here since March 8. Judge Anderson announced that sentence would be passed on the 27 men, who were found guilty and the 89 who have pleaded guilty next Monday. In the meantime he permitted all the defendants, with the exception of Alexander Azeel, alias Steel, to remain at liberty under their previous bonds. Steel has been in jail for some time, unable to give bond of \$5,000 for alleged attempt to influence government witnesses. All of the defendants, many of whom were accompanied by relatives took the verdict calmly and there was no determination. Those found guilty are: Donn M. Roberts, mayor of Terre Haute and candidate for the Democratic nomination for governor; Eli H. Redman, declared elected Vigo county circuit judge by ten votes; Elmer B. Talbot, controller of Terre Haute; until his resignation because of the trial here; Dennis Shen, sheriff of Vigo county; Maurice Walsh, county sealer of weights and measures and treasurer of the campaign fund; Har-ry S. Montgomery, president of the board of public works; John M. Musselink, city inspector of weights and measures and a member of the state legislature in 1911; Thomas C. Smith, city judge; Gen. Ehrenhardt, member of the board of public works; Edw. R. Driscoll, secretary of the Vigo county Democratic committee; Milton Redman, son of Eli Redman; Chas. Houghton, assistant custodian of the city hall; Lewis Nohley, assistant city engineer; Jos. O'Mara, street commissioner; Wm. S. Crockett, superintendent city cemetery; Richard Kneeky, cemetery clerk and Robert's messenger; Alex. Azeel, alias Steel, a foreigner, inspector of street paving; Arthur Gillis, undertaker, Progressive election official; John E. Greene, proprietor of second-hand store; Wm. Doyle, gambler; Pearly McKay, gambler; George Soford, gambler; Timothy (Bull) Conway, former pugilist, bartender; Andrew O'Brien, bartender; Jos. Strauss, liquor salesman; George Woodall, saloonkeeper; Wm. P. O'Donnell, saloonkeeper.

GERMAN SUBMARINE IS CAUGHT IN A TRAP; SUNK IN CHANNEL

NEW DEVICE SAID TO BE SUCCESS

Paris, April 6.—A German submarine has been securely entangled in a net specially designed for that purpose and placed off Dover according to the Petit Journal's Dunkirk correspondent, who adds that the French naval authorities expect to capture the submarine when it comes to the surface.

Miles of submarine traps have been set by the British navy at harbor entrances and other strategic points around the British Isles to entice German submarines engaged in blocking England. The traps are not unlike gill nets used by fishermen. Malicious iron frames ten feet square, three frames joined, are sunk to a depth of 40 feet, suspended from immense buoys. If a submarine, which is a blind thing when submerged, enters one of these frames its sides cause the lower frame to buckle upward, catching the propeller. Thus the craft is in the position of a fish floundering in a net and its occupants are doomed. It was reported that three submarines had been caught in this way during the first ten days of the blockade, but this report was not confirmed.

GOETHALS MAY BUILD RAILWAY

Washington, April 6.—Work on the new Alaskan railway, it was said today, will begin soon after President Wilson announces the route. The name of Major General George W. Goethals, who built the Panama canal and lieutenant Colonel J. J. Morrow, who was president of the Alaska railroad commission have been mentioned as possible builders if an army officer of the engineer corps is placed in supreme charge.

CINCINNATI SEEKS RELIEF FOR FINANCIAL STRESS

Cincinnati, April 6.—Mayor Spiegel will lead a delegation to Columbus tomorrow to lay before Gov. Willis and the proper committees of the house and senate the necessity of some action to relieve the financial stress of Cincinnati as well as of other cities in the state.

MAKE IMPORTANT RULING IN RAILROAD LITIGATION

Columbus, April 6.—The railroad commission of this state, which have the long haul, may find themselves in an embarrassing predicament as a result of an order issued today by the United States commission. C. S. Brown, a lumber dealer of Hamilton, W. Va., bought four carloads of ties at Lucasville, Scioto county, Ohio, several years ago and

SHORTAGE OF DYE STUFFS THREATENS TEXTILE TRADE

Washington, April 6.—Representatives of American Textile Manufacturers, headed by former Congressman Metz, told White House and state department officials today, "That the end is in sight" for operations of American textile mills unless the government can do something to bring dye stuffs out of Germany.

9,925 Officers Of The German Army Killed

London, April 6.—The Havas agency at Paris has sent out the following dispatch: "An official compilation of the losses of the German officers' corps since the beginning of the war to March 15, taken from German official lists, gives a grand total of 31,376 men in killed, wounded and missing. Of these 9,925 were killed. The dead include 43 generals.

MAKING MORE REPAIRS ON THE EITEL FRIEDRICH

Newport News, Va., April 6.—Hundreds of people who watched the water front all night expecting to see the German converted cruiser, Prinz Eitel Friedrich, make a dash to sea saw the raider still at her wharf when day broke, a plume of smoke floating lazily from one funnel and nothing in evidence to tell her secret. Sunrise disclosed a party of painters at work on her hull, scraping off the red rust accumulation of seven months' sea roving and workmen coming off the ship reported that seventeen floor plates in the engine room had been removed, ostensibly for repairs. These circumstances strengthen the belief in marine circles that the raider will not be sent to sea until the closing chapter to the Eitel's war record.

Business Conditions Show Improvement

Washington, April 6.—Reports on business conditions in the United States made to President Wilson show a steady improvement. He told callers today that business was becoming less "spotty" and more uniform in its improvement.

OTT LABOR BILL TO BE REPORTED OUT

Columbus, April 6.—The senate labor committee today voted to report out the Ott bill, limiting the hours of labor for street car and interurban employees, despite the request made by labor organizations for further hearing on it.

Mrs. A. Z. Blair continues to improve slowly from an operation she recently submitted to at the Hempstead hospital.

C. & O. Work To Go Along On Says Caples

Columbus, O., April 6.—A positive denial by M. J. Caples, vice-president of the C. & O. railroad, that the company contemplated abandoning for the present the building of the 28 miles of track from Sciotoville near the Ohio river, owing to the present financial situation, was made today. It had been reported that the company had decided to abandon for the present the building of this track, which will cost in the neighborhood of three and a half million dollars and would use the N. & W. and D. T. and T tracks to Columbus, connecting at South Columbus with the Hocking Valley. Mr. Caples declared the twenty-eight miles of track will be built, commencing thirty days after the contract is awarded, next Friday, and that the money is on hand to pay for it.

TINWARR RATTLES

Chicago, Ill., April 6.—Pitchers Guy Beard and Harry Ashenfelter have been unconditionally released by the Chicago Federal, it was announced today.

WEST VIRGINIA MOB SEEKS NEGRO'S LIFE

Lewisburg, W. Va., April 6.—John Stewart, a negro, who last Sunday killed George J. Shires, chief of police of Ronceverte, W. Va., and was later captured at Covington, Virginia, narrowly escaped lynching early today. Stewart was brought here yesterday and placed in the county jail. Soon after midnight the sheriff learned that a mob had formed at Ronceverte and reinforced by men from the lumber camps near White Sulphur Springs, was on its way to Lewisburg. He hurried Stewart into an automobile and drove out of town as the mob entered by another road. Nothing has since been heard of the sheriff and his prisoner but it is reported here that he is still driving around the country, waiting until the feeling against Stewart quiets down or until he can get a favorable opportunity to take him to Charleston.

LULL IN FIGHTING; NOTE IS DISCUSSED

London, April 6.—What has been called the Easter lull in the fighting is marked, these days along both battle lines, except in the Carpathians, where the struggle for access to the Hungarian plains is still going on.

This relative quiet has given ample opportunity for discussion by the British press of the American note in reply to the British order in council. The comment on this communication has been widespread. Most of it expressed gratification with the tone of the note, but there is great difference of opinion as to the possible results.

Newspapers which from the first have advocated a formal blockade of Germany see a loophole in the note for action on the part of the British government leading to this end, while others express the feeling that a fuller understanding by the United States of the British position will lead to acquiescence with the present order in council.

In the diplomatic field there is little of interest except the report that Bulgaria and Serbia have reached a friendly settlement of the trouble arising from the invasion of Serbian territory by Bulgarian irregulars.

Steamer Is Seized

Copenhagen, April 6.—(Via London).—The Swedish steamer England, from Buenos Ayres for Gothenburg, has been seized by the Germans in the Baltic and taken into a German port, according to dispatches appearing in Stockholm newspapers.

C. & O. Work To Go Along On Says Caples

Columbus, O., April 6.—A positive denial by M. J. U. S. IN NOTE TO ENGLAND REITERATES INTENTION TO INSIST UPON ITS RIGHTS

1,844 BRITISH OFFICERS KILLED
London, April 6.—An officer's casualty list for the fortnight ending March 23, shows that the British army since the beginning of the war to that date has had 1,844 officers killed and 3,301 wounded, while 732 have been reported missing. This is a total of 5,887. During the fortnight in question 301 officers were killed and 468 wounded, while 27 were reported missing.

GERMANY PROTESTS

Washington, D. C., April 6.—Germany has protested to the United States against the detention of the Hamburg American liner Odenwald at San Juan, Porto Rico, under the neutrality regulations. The German Embassy today asked the state department to investigate the action of American port authorities in preventing the Odenwald from leaving.

Decision Affirmed

Cincinnati, April 6.—The United States circuit court of appeals today affirmed the decision of the district court which awarded Mrs. Jean McKell, widow of a former Chiliote, Ohio, banker, \$125,000 in her suit against the Chesapeake and Ohio railroad.

Local Option Holds Attention In Penna.

Harrisburg, April 6.—This was local option day at the state capital, thousands of persons coming to Harrisburg from different parts of the state to make a demonstration in favor of the passage through the legislature of a law which would permit the voters of any county to vote on the question of prohibiting the sale of liquor.

Nine More Michigan Counties Voted Dry

Detroit, Mich., April 6.—With returns practically complete, except from two counties where the result was doubtful, it was conceded today at noon that the drys had won in 13 of the 16 Michigan counties voting on local option yesterday, thereby adding nine counties to Michigan's dry column and giving the state at least 43 counties without saloons. The vote forced at least 432 saloons out of business and added 336,736 to the population of the state already in dry territory. Anti-saloon leaders today were predicting state-wide prohibition in Michigan two years hence.

IOWA PASSES DRY MEASURES

Des Moines, Iowa, April 6.—The senate today by large majorities passed bills requiring railroads to keep a record of all liquor shipments and forbidding them carrying liquor into or within the state which is to be used for illegal purposes; permitting judges as well as justices of the peace to issue search warrants for liquor; prohibition collections for payment on liquor sold illegally and making it illegal to solicit orders for liquor after January 1.

DARING FRENCH AVIATOR BRINGS DOWN GERMAN TAUBE AND CAPTURES ITS CREW

Paris, April 6.—Another daring exploit has been added to the long list of those successfully carried out by Adolphe Pegoud, the famous French aviator, who is reported to have attacked and brought down a German Taube near Saint Meneshauld while he was alone on patrol duty April 2. The report of the incident says that when Pegoud saw the German approaching he flew rapidly toward the hostile air craft and sent it to the earth with a few well placed shots. Pegoud then landed beside the Taube and took prisoner the German pilot and observer, neither of whom was injured. Early in the day Pegoud is reported to have driven off three other German aeroplanes, one of which had dropped nine bombs on a railroad station. Pegoud, who first gained fame in 1913 as the originator of the feat of flying upside down in an aeroplane, was awarded the French military medal early in March for services rendered the army during the war.

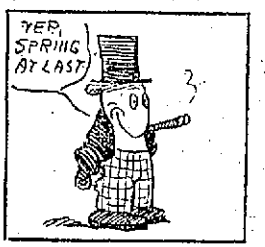

TERMS ARE FRIENDLY BUT FIRM IN DEMAND

Washington, April 6.—With the publication today of its note in reply to the British government's order in council prohibiting a virtual blockade against commerce to and from Germany, the American government rested its case. Great Britain is now looked to to make the next move and her course is awaited with the keenest interest in official and diplomatic circles here.

The note, though couched in the most friendly language, denies the right of Great Britain and her allies to blockade neutral ports and reiterates the intention of the United States to insist upon its rights. It declares that to admit that right "would be to assume an attitude of unneutrality toward the present enemies of Great Britain, which would be obviously inconsistent with the obligations of this government in the present circumstances, and for Great Britain to make such a claim would be for her to abandon and set at naught the principles for which she has consistently and earnestly contended in other times and circumstances."

"This government therefore," the note says, "infers that the commanders of His Majesty's ships of war engaged in maintaining the so-called blockade, will be instructed to avoid an enforcement of the proposed measures of non-interference in such a way as to impose restrictions upon neutral trade more burdensome than those which have been regarded as inevitable when the ports of a belligerent are actually blockaded by the ships of its enemy."

BILLY BUTT-IN

I guess everybody's satisfied that spring has "come." At last it was a long and hard pull and some folks were so unkind as to say I'd never make the "beat," but I've been working the "weather" in these parts long enough to "know what I can and can't do" and swingin' around spring weather on time is one of the things I'm sure of. Here's for tomorrow. Ohio—Fair tonight and Wednesday. Cooler tonight. Kentucky—Fair tonight. Wednesday increasing cloudiness followed by rain in extreme west portion. West Virginia—Fair tonight and Wednesday. Cooler tonight.

HUSBAND NEAR; WIFE IS SAVED

Mrs. Minnie Richter, wife of Adam Richter, an engineer at the Stockham sand plant, was grabbed by an unknown man near Ninth and John streets Monday night but saved from harm by the timely arrival of her husband.

Mr. Richter had just stepped into the Wiggins' pharmacy to make a purchase and his wife crossed the street to wait for him, when a rather well dressed white man came along and seizing her by the arm tried to drag her out John street to the alley at the rear of the Dr. Fitch home. Her screams were heard by the husband who came upon the scene in time to capture her would-be assailant but after sharply rebuking him for his act permitted him to go, later calling the police. Mrs. Richter was quite unharmed by the experience, but was able to walk to their home near Sixteenth and Waller streets unassisted. Captain Cooper vainly searched for the man who had attacked her.

Y. W. C. A. NEWS

Special to all girls and women who are planning vacation trips this summer:

The Y. W. here has received a couple folders which will be of great value to you if you are planning a trip somewhere. There is a directory of Y. W. C. A.'s in cities and towns of the U. S. which gives locations of every association. In 244 cities and towns the Y. W. offer rest and reading rooms and lists of reliable boarding places. Most of these associations also have lunch rooms and accommodations for residence. If you want one of these directories to help you in finding good, reliable places to stay on your stop-

overs, come around to the association building, Second and Gay streets, and get one.

The other folder is for the benefit of those who are planning a trip to the San Francisco exposition. The Y. W. there has leased a hotel with the view of accommodating women and girls who come to the exposition. This is called the Y. W. C. A.'s Woman's Hotel. It is ideally situated for sight-seers and the rates are extremely reasonable. This is the only woman's hotel in the city. You could find no better place to stay while you are visiting the exposition. Call and get a folder. This is an Association privilege.

LABOR DAY PLANS

It was announced at the meeting of the Central Union Labor Council Monday night that plans for the observance of Labor Day this year were well under way and that the celebration would be held on a larger scale than ever before. Various committees are soon to be named and they will take charge of the celebration.

The necessity of buying strictly union made goods was also urged at last night's meeting.

GREENUP MAY HAVE PAVED STREETS

A movement has been launched in Greenup that is calculated to culminate in the paving of the principal streets of the town, and it is said that the city council looks favorably upon the proposition. Some opposition has also developed, but it may be reached at that time.

TERMINALS

Miss Berda Easter, school teacher of West Union, has returned to her home after a week's visit with her aunt, Miss Maggie Vogler, of Gallia pike.

Misses Mildred Armstrong of the city, and Pearl Jordan of Kenova, W. Va., were the Monday guests of friends at the Terminals.

Mrs. C. W. Joyce of Gallia pike, has been ill for some time. She expects to undergo an operation in a few days.

Mr. and Mrs. James Pugh, of Poplar street, were inspecting a farm back of Sevierville, Monday. Mr. Pugh is an N. & W. employee.

Mr. and Mrs. Ollie Warnock of Ninth street, city, were the Sunday guests of Mr. and Mrs. C. W. Joyce, of Gallia pike.

S. Monroe and Sons are making splendid headway with the excavating on Gallia pike.

Who Can Doubt Sworn Testimony of Honest Citizens?

Some time ago I began the use of your Swamp-Root with the most remarkable results. For years I was almost a wreck and was a great sufferer. I was so bad at times I would faint away and had sinking spells. Finally a new doctor was called in and he said that I had kidney trouble and gave me medicine, of which I took several bottles. I obtained some relief from this but I was still suffering all the time. I could not sleep and suffered so much pain that my husband and children had to lift me in and out of bed. After this time two friends sent me word to try Swamp-Root, which I did, and I am glad to state that the first dose gave me great relief. After taking the third dose I was helped into bed and slept half of the night.

I took several bottles of Swamp-Root and I feel that I owe my life to this wonderful remedy. The two family doctors said that I could not live three months. I would have to be helped in and out of bed ten to twenty times every night. After taking Dr. Kilmer's Swamp-Root for two days I was entirely free from getting up and could sleep soundly.

MRS. D. E. HILMAN, Tunnelton, W. Va. Personally appeared before me this 11th of September, 1909, Mrs. D. E. Hilman, who subscribed the above statement and made oath that the same is true in substance and in fact.

JOSEPH A. MILLER, Notary Public.

Prove What Swamp-Root Will Do For You

Send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample size bottle. It will convince anyone. We will also send a booklet of valuable information, telling about the kidneys and bladder. When written, be sure and mention the Portsmouth Daily Times. Regular fifty-cent and one-dollar size bottles for sale at all drug stores.

Miss Minnie Howerton of Ashland, Ky., who makes her home with Mr. and Mrs. S. T. Hayward of Gallia pike, will be the guest of Mr. and Mrs. William Wallace of Gallia pike, while the Maynards are visiting in Ashland.

Mrs. A. C. Ridenour, wife of an N. & W. engineer of Harden, will visit relatives in this city in a few days.

Mr. and Mrs. B. C. Boyd and family of Gallia pike, left Tuesday for Dingess, W. Va., on a short visit.

N. & W. time freight No. 85 in charge of Conductor F. J. White and Engineer Joseph South was pulling out of Chillicothe Monday morning when a brake beam came down on the tracks derailing one car and several pair of trucks.

The train crew re-railled the car. Freehand Runyon, N. & W. section laborer of Kenova, had his arm badly bruised and nearly fractured Monday afternoon when a fellow employee, Oscar Boyd, accidentally struck him on the arm with a spike maul. Boyd and Runyon were engaged in spiking ties. John Deam was a witness. He was removed home and treated by the company physician.

Passenger train No. 15 struck and killed two hogs near Kermit, W. Va., several days ago.

Enjoy Hike

Mr. and Mrs. Si Straus believe that a long hike each day is a spring tonic itself. They walked two miles out the Chillicothe pike Tuesday morning bright and early and have planned a walk for each morning of the week.

Buy Horses

Dr. Ernest Layne, a veterinary surgeon of Huntington, W. Va., purchased five horses of Frank Wigham here, shipping them to that city on the steamer Greenland.

The Movies

"The Life of Abraham Lincoln"

Columbia Tonight
"The Life of Abraham Lincoln" at the Columbia tonight is a most interesting two-part picture depicting and producing the many important events in the life of Lincoln. It is a picture in which the various characters have been specially selected and is a true reproduction in every respect.

The other picture on tonight's program is another of those interesting railroad pictures from "The Hazards of Helen" series.

Don't overlook the biggest and greatest picture ever produced in "Cabiria," which will be shown tomorrow and Thursday.

Owing to the length of this wonderful picture only two shows will be given each day, matinees at 2 o'clock and one evening show starting promptly at 8 o'clock.

All of the seats will be reserved each day and the sale is now open for tomorrow's shows and the sale for Thursday's shows will open tomorrow morning at 9 o'clock.

This is the only picture that has been shown at a \$2.00 admission and at the Knickerbocker theatre in New York this picture run for several months last season at prices ranging from 50 cents to \$2.00 a seat.

At the low price of 25 cents which we are charging for this picture every seat should be taken for each performance.

"Her Triumph"

At Lyric Tonight

Gaby Deslys, the celebrated international star, and the sensation of two continents, makes her first and exclusive appearance in motion pictures in an original story of the stage, "Her Triumph," on the Paramount program at the Lyric tonight.

When the news was disclosed, some months ago, that Adolph Zukor, president of the Famous Players Film company, had engaged the international favorite on the eve of her departure for France after her triumphant appearance on the New York stage to appear in a motion picture production to be staged in Paris, the announcement was a seven days' wonder in theatrical and film circles and among the general public.

To millions of people throughout the country who had read for months in the daily newspapers of the beautiful and fascinating Gaby's amazing stage achievements, this contemplated motion picture production with the illustrious star represented the only opportunity of ever becoming directly acquainted with her charm and individuality. This opportunity is now materialized to a degree far beyond the expectations of the most ardent, for on the screen the wonderful Gaby is even more bewitching than she has been in all her previous stage performances.

"Her Triumph" was written around the star, and is so constructed as to display to the utmost advantage Mlle. Deslys' versatile and astonishing talents.

The production introduces many novelties, such as the Dance Deslys, a realistic and impressive reproduction of the interior of a theatre, with a complete company on the stage, numerous and other striking effects. Of no little importance, also, is the presence in the cast of Harry Pileur, who has been associated with Gaby since her first first visit to this country, as her dancing partner, and who appears in her chief support in this notable film production.

The admission will be 10 cents. The first-evening show at 6:30. The picture lasts about one hour.

At The Exhibit

Tonight is Keystone comedy night at the Exhibit theatre. Every Tuesday, Thursday and Saturday Keystone comedies are shown at the Exhibit. This theatre is the home of Keystone comedies and Manager Law always manages to supplement his features with good Keystone comedies.

"Hogan's Mussy Job" is the name of tonight's comedy. In addition the headliner is two reels of Zudora in "The Twenty Million Dollar Mystery." Good music always, and three reels of pictures for five cents.

Tomorrow's headliner is a good drama, "The Craven," in two reels.

A Quick, Safe Relief For Indigestion

If the Peppin pills, Sulamint tablets or other digestive aids you have been taking seem to have lost their force and it now takes two or three to give you the relief you got at first from one, it's time you changed to a new remedy that works on a different principle.

When your stomach gets in such shape an effective and quick acting remedy is found in M-O-N-A Stomach Tablets made from a scientific and radically different formula from the usual digestive aid. M-O-N-A not only gives prompt relief from sour, gassy stomach and the full, heavy, lumpy feeling that comes after eating but stimulates the whole sluggish digestive and intestinal machinery and makes your stomach fit to do its own digesting in a healthy, normal, painless way.

Wurster Bros. and leading druggists everywhere sell M-O-N-A on a positive guarantee of satisfaction or money back, and stomach sufferers everywhere should prove its merit on this basis.

At The Arcana
Patrons of the Arcana theatre cannot help but appreciate the feature picture Manager Potts has secured for tonight. It is a three reel Gold Seal picture entitled "The Heart of Lincoln." Francis Ford one of the cleverest actors ever produced by the silent drama is playing the leading role of Abraham Lincoln. The picture will be one that both young and old will want to see. The story is from the pen of Grace Cunard. The admission to this celebrated picture will be only five cents.

5c At Temple Theatre
"The Adventure of Florence," a two reel Thanhouser, is an excellent comedy drama, which contains a wealth of humorous situations and are well developed. The entire picture is acted well. Florence Foster is the star.

ences and Morris Foster are the lovers, a telephone flirtation has a very happy ending, which of course has been enlarged upon, with the result that the two reels are immensely enjoyable all the way through. The title of the third picture is "On Account of the Dug," a comedy drama played by Rennie Farrington and John Reinhard and Boyd Marshall. The fourth picture is a Royal comedy entitled "Self Hypnotized."

a way that helps the fun. The new policy of the house in running vaudeville there will be a matinee every afternoon and two shows each night. There's a laugh every minute. Don't miss this good time. Country store Friday night, first show.

THEATRICAL
The Sun
The Co-Head Musical company playing at the New Sun theatre for the first half of the week made a hit with their opening show. WEAK, AILING CHILD

Made Strong By Delicious Vinol
Lakeport, N. H.—"Our little girl 3 years of age was in a debilitated, run-down condition and had a stubborn cough so she was weak and ailing all the time. Nothing helped her until we tried Vinol. Then her appetite increased and she is strong and well, and I wish other parents of weak, delicate children would try Vinol."—Geo. A. Collins.

This is because Vinol contains the tissue building, strengthening cod liver elements and the tonic iron which a weak and run-down system needs.

HENKEL TELLS HIS STORY IN THE ASSAULT CASE; FATE NOW UP TO JURY

Evidence in the Henkel rape case, which started in common pleas court Monday afternoon, was all in at noon Tuesday, and by 4:30 o'clock Tuesday afternoon, the fate of the accused will be in the hands of the twelve men selected to sit as a jury in the case.

Presenting Attorney Mickelthwait made the opening argument for the prosecution early Tuesday afternoon, and was followed by Attorneys P. T. Moreland and N. B. Gilliland for the defense. The closing argument was made by the prosecuting attorney, who concluded about four o'clock.

Before delivering his charge to the jury, Judge Thomas read a special charge at the request of the attorneys for the defense, which stated that were the conduct of the victim such as to indicate to the defendant that she was willing to receive his improper attentions, a verdict of not guilty of the charge of rape should be returned. The court room was crowded during the closing scenes of the trial.

Uttering a general denial to the charges of criminal assault and rape lodged against him by the prosecution, W. H. Henkel, the accused, went on the witness stand Tuesday morning in his own behalf. His story was a contradiction of the story as told Monday afternoon by the alleged victim, Mrs. William Barker, of near Haverhill.

His sole admission was that he struck her several times while they were engaged in an altercation, but claimed that both he and the woman were badly under the influence of liquor at the time. All other acts complained of by the prosecution, he said were committed with the woman's consent.

The defense failed again to introduce evidence reflecting upon Mrs. Barker or her husband when Judge Thomas refused to permit the testimony of Mrs. Sarah Barker, of Ft. Gay, W. Va., to go to the jury. Henkel's attorneys had to depend on her evidence as one of their trump cards. She claims to have been a former wife of Barker when he lived in West Virginia. The state rested its case about ten o'clock, and the defense immediately examined some dozen or more witnesses from the vicinity of Wheelersburg, all of whom testified to the good character of the accused.

The feature of the morning session, however, was the testimony of Henkel, who was on the stand for about one hour and a half. He gave his age as 21 years the 23rd of this month, and said his home was in Johnson City, Tennessee, where he said his mother still lives. He said he had formerly worked for Isaac Ferguson of near Wheelersburg, for the Standard company of this city, and for a man named Cox near Huntington, W. Va. He worked for the latter until a few days before the alleged crime was committed, and said he was on his way to Wheelersburg to take a job on the farm on the day of the alleged crime.

Tells About Drunk

"I stopped off at Catlettsburg and drank two glasses of beer and one drink of whiskey, after which I bought two bottles of beer and a half pint of liquor, which I took with me.

From Catlettsburg I went to the N. & W. depot at Kenova to wait for the afternoon train. Here I first saw Mrs. Barker, and she talked with me. I bought a ticket to Ironton, and boarded the train. After I got on the train I saw Mrs. Barker again, and once more she talked with me. I sat in the seat with her and asked her where she

was going. She told me she was on her way to her home near Haverhill."

Here, Henkel testified that he made an improper proposal to her, and that she gave him a vague answer, telling him that she could not tell him until she found out where her husband was. Henkel said she told him that her husband was an N. & W. section boss.

Referring again to their conversation on the train, he said: "She told me it would be all right for me to get off at Haverhill, and to walk on down the track ahead of her. She followed behind. I stopped at the first crossing, opened my grip, and took out the half pint of whiskey and one bottle of beer. Mrs. Barker stopped there too, and helped me drink both the whiskey and the beer.

"She then told me to walk ahead to the bridge, and she would follow behind. When I reached the bridge I waited for her, and together we went over the bank under the bridge, where we remained for about a half an hour. She offered no resistance and seemed to be in a friendly mood.

Tells About Scuffle

"We then went back up on the railroad bank, where we heard a train coming. She said she had to go and asked me for \$2. I refused to give her the money and she grabbed my watch. I grabbed her purse, and she slapped me. I hit her back, and then she grabbed me again, and we fell over the bank into the ditch, filled with mud and water.

"While we were down there we made up again, and she promised to see me later at her home. She said she would put a handkerchief in the window if the coast was clear." When I reached her home there was no handkerchief in the window and I passed on without stopping.

Henkel then denied that Mrs. Barker had made any outcry during the entire time and denied having a gun or of having made any threats against her life.

On cross examination he denied throwing a gun away, and denied taking any money from the woman. Prosecuting Attorney Mickelthwait tangled the witness up on his story about the suitcase and the watch, but was unable to shake his story about the assault.

John Duis, Henry P. Barney, H. I. Barney, Isaac Ferguson, Fred Shela, George Roll and W. F. Cox all living in the vicinity of Wheelersburg, testified to the good character and conduct of the accused while he was living in that section. He worked for Ferguson eleven months, according to Ferguson's testimony.

Four witnesses were called at the opening of the morning session by the state.

Mr. Lehman, an N. & W. pump tender, stated that he saw Henkel in the vicinity of Haverhill on the afternoon of the assault and that he appeared to be considerably under the influence of liquor.

Harry Lavender, a section hand, identified the defendant as the man who passed along the tracks where he was working with the section crew on that day. He stated that he later assisted in the capture of the accused.

Sheriff Said That

Henkel Was Drunk

Sheriff Smith told of the condition of the defendant at the time of his arrest. He said he appeared to have been drinking heavily, that his clothing was wet and muddy and full of sand. The witness then produced the articles which he claimed he found on the prisoner at the time of his arrest, which included a small purse, a knife, a silver powder box, some papers and \$4 in currency. The articles were then introduced by the state as evidence.

Mrs. Barker was then recalled by the state to identify the above articles, which she testified belonged to her.

She was again recalled by the defense and denied having seen Henkel either at Kenova or on the train.

Monday Afternoon

All efforts of the defense to introduce evidence derogatory to the victim and chief prosecuting witness in the trial of W. H. Henkel accused of rape upon Mrs. Mailla Barker, of near Haverhill, were unsuccessful Monday afternoon. The court held that such testimony, even if it could be produced, was not proper in the case at trial.

In the cross-examination of Mrs. Barker, Attorney Gilliland, for the defense, attempted to bring out certain alleged facts that reflected on her, but Judge Thomas would not let them get before the jury. He held that in a case of rape the character of the victim had nothing to

do with the guilt or innocence of the accused.

Mr. Gilliland was unable to shake Mrs. Barker's story on cross-examination materially, although he subjected her to a grueling examination.

Dr. Massie On Stand

Dr. H. F. Massie, of Haverhill, was the second witness called by the state. He testified that he was called to attend Mrs. Barker after the assault and that he found evidence that she had been assaulted and beaten. He said her cheeks and eyes were swollen and bruised and her lips bleeding. He also said she was in an extremely nervous condition, and was suffering extreme mental agony.

Dr. Massie identified Henkel as the man who was apprehended by the posse and held at the Haverhill station on the night of the assault until the arrival of Sheriff Smith. He said his clothes were torn, wet and muddy.

Miss Brush Testifies

Miss Olive Brush, to whose house Mrs. Barker went for refuge after the assault, was the next witness. She told of having seen a man and woman walking along the railroad track near her home on the day of the alleged crime. She says that when they neared her home they started across the field to the house. A short distance from the house, she says, the woman started to run towards it, and as she came nearer, the witness testified that she recognized the woman as Mrs. Barker. Her clothing was wet and torn, and her face bore marks of assault, she said.

Witness called in Mrs. Eliza Whitman, a neighbor woman, who came and took Mrs. Barker to her home for treatment, where she remained for two or three days.

Wm. Gruffey Testifies

William Gruffey, an N. & W. brakeman, told of finding a suit case along the Haverhill siding on the day of the alleged crime. He said he opened it and found the name "W. H. Henkel, Wheelersburg, O.," written on a box inside.

Mrs. Whitman On Stand

Mrs. Eliza Whitman, of near Haverhill, was the next witness. She told the jury about having been called to the Brush home by Olive Brush to assist Mrs. Barker, and of finding her in just such a condition as Mrs. Barker had testified to on the witness stand. She then told of taking care of her for three days, and told of her extremely nervous condition and bruised state. She also identified the torn and muddy clothing as belonging to Mrs. Barker.

David Vallance Tells Story

David Vallance, a farm laborer on the Boynton farm, said he saw a man and woman walking west along the tracks on the afternoon of the alleged crime while he was handling fertilizer on the farm. Some time later he said he saw the man walking across the field in an opposite direction, and on quitting work learned of the assault.

Mr. Vallance testified that he visited the scene of the assault soon after it is alleged to have occurred, at the request of Mrs. Barker, and that he investigated the place, which bore signs of a recent scuffle. He said he found Mrs. Barker's watch and her rubbers there and returned them to her. He also testified that he saw Henkel after he had been captured and that he considered him to be in a drunken condition.

Train Crew Testify

McClellan Johnson and James Brophy, conductor and brakeman, respectively, on the N. & W. passenger train in which Henkel and Mrs. Barker were riding on the afternoon of the alleged crime, both testified.

McClellan Johnson and James Brophy, conductor and brakeman, respectively, on the N. & W. passenger train in which Henkel and Mrs. Barker were riding on the afternoon of the alleged crime, both testified.

McClellan Johnson and James Brophy, conductor and brakeman, respectively, on the N. & W. passenger train in which Henkel and Mrs. Barker were riding on the afternoon of the alleged crime, both testified.

identified Henkel as a passenger on the train and remembered him as being under the influence of liquor. Mr. Johnson said that Henkel had a ticket for Ironton, but that he went beyond that station to Haverhill.

Mr. William Barker, husband of the alleged victim, created a little stir in the court room when he reached in his pocket and produced papers in divorce to show that he had been legally separated from his former wife. He displayed anger when Mr. Gilliland, on cross-examination, quizzed him about his matrimonial affairs.

Mr. Barker, who is a section foreman on the N. & W., told of having seen a man answering Henkel's description walking through the field near the railroad track while he was on his way home with his crew on a hand-car. The man was carrying a lady's hand-bag, he said, and his clothes were wet and muddy. When he reached home and learned of the assault he immediately thought of the man and started out in pursuit on a hand-car, he said. He said he and his men captured Henkel about one mile west of the scene of the alleged crime and held him until the arrival of the county authorities.

Robert Griffin, Louis Steahley, John Carr, George Norris and Harry Lavender, all section men, testified in turn, corroborating Barker's testimony about seeing Henkel and also the evidence concerning the capture. The court then adjourned until Tuesday morning at nine o'clock.

Material Arrives

Four car loads of falsework and other material for the new county bridge which is to span the Soloto river arrived in the B. & O. yards Tuesday.

The B. & O. S. W. started work Tuesday putting down the frog and switch at the approach to the bridge and the Mt. Vernon Bridge company will treatise around the rear of the Martin Haaf home along the river embankment and unload bridge material directly on the site.

Bot It Hurt

Gordon Strawn, pharmacist at Frank Amann's drug store, had the end of a finger of his right hand smashed off by a heavy box falling on him Tuesday.

In New York.

Grant Williams, of the Excelsior Shoe company, left Monday for New York, where he will remain for a few days in the hopes of landing a war order for his firm.

Investigate Fire.

An alarm from Box 132, at 12:57, called the Hilltop department and auto truck to a stable house in the rear of James Larkin's home, 2202 Eighth street, Tuesday noon. The damage was very slight. The fire is of a mysterious origin and Chief McNeal is investigating.

Insure with Marvin O. Clark, First National Bank building.

Woman Killed

Mrs. Joseph Pirrung, who had relatives here and in Ironton was run down and killed by C. & O. engine, the fatality taking place in C. & O. yards at Thurmond, W. Va. Mrs. Pirrung was on way to hospital to undergo operation when the engine struck the buggy in which she and her husband were riding. Mr. Pirrung escaped with slight injuries.

James Is Manager.

Oscar James has been elected manager of the Outlaws. The election was made at a meeting held Monday night in Jake Applegate's home on Thompson street. The Outlaws will play Luensville at the latter place Sunday.

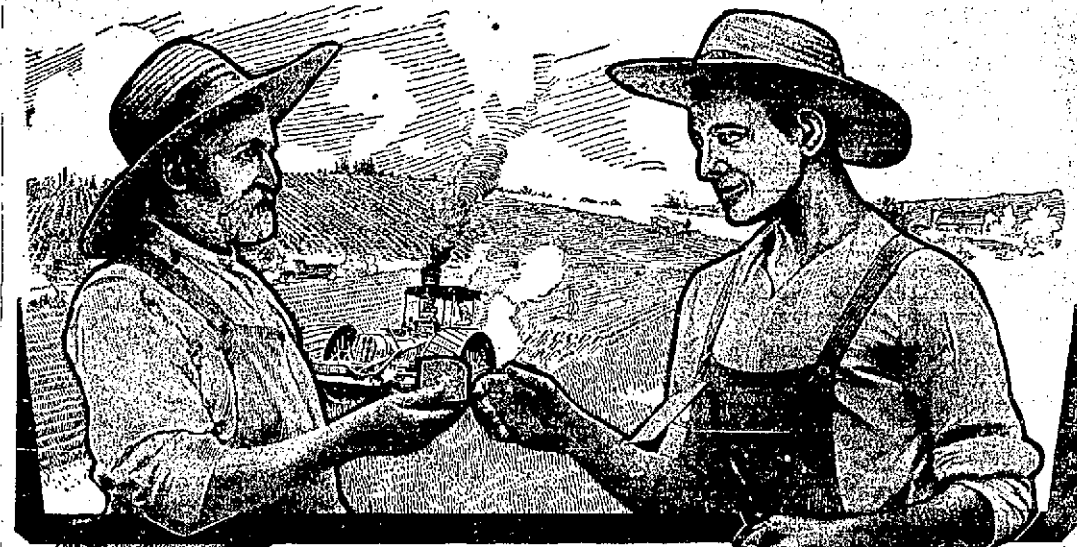

To Harrisburg
J. C. Peel and Co., shipped the household effects of W. W. Breeze and family Tuesday to their new home in Harrisburg, Pa.

Andrew Glass, general manager of the Whitaker-Glesner company, is able to be at his work after a few days' illness with the grip.

"STAR—Good For One—Better for Two"

Men Who Chew Are Men Who DO

THE farmers, on whom so much of America's success depends, are almost without exception, tobacco chewers. And more farmers use STAR tobacco than use any other brand.

It speaks pretty well for STAR that men who know tobacco, many of them being tobacco raisers, prefer mellow STAR Tobacco—in the thick, tasty plug.

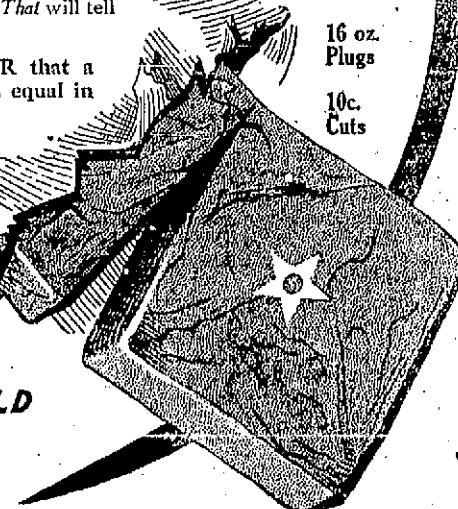

Imagine a ripe orange in a thin skin. That's just like a plug of STAR—so full of ripe, good "chew" that it can't dry out—made clean and kept that way.

And don't confuse STAR with any of those 14 or 15 ounce "pound" plugs. Each plug of STAR weighs 16 ounces. Ask the dealer to let you see the revenue stamp on the box. That will tell the story of honest weight.

So great is the nation-wide demand for STAR that a year's output of sixteen ounce STAR plugs is equal in weight to 416,666 bushels of wheat.

OUR FIGHT EXTRA MONDAY.

The Times again demonstrated Monday afternoon that when there is any big news going, it can be depended upon to deliver the goods and deliver them right off the bat. With our superb leased wire service from the Associated Press we were hooked up on the main wire with the newspapers in the larger cities served by this organization and Portsmouth people got the news of the outcome of the Johnson-Willard prize fight as quickly as the citizens of any other community in the country.

Right after the flash came announcing that Willard had won, the fight extra edition of The Times, containing a detailed description of the fight, was put to press and in an incredibly short time newboys were covering the town with the Pink paper, shouting, "All About the Prize Fight." The issuing of the fight extra was done quietly, quickly and expeditiously and showed the splendid organization that is ready for any and all emergencies.

It is the aim of The Times to give the news. We will be found doing our best all the time, giving not only the little news events of interest to the city, but also the big news both local and foreign, with our extra editions, as well as in the regular edition.

It may be interesting to the public to know that over 4300 of our extra editions were sold Monday.

Now that the great and good and godly young governor has placed the faithful on guard in the various tax assessorships, we do hope that he will rest content, and, having achieved the noble purpose of his reign, that of getting the offices, will desist in his efforts to mutilate and destroy the Warnes tax law. If it is given a chance to demonstrate its worth, say left alone for three or four years with such amendment as experience may warrant, we believe that public opinion will be such that no legislature will dare to repeal or cripple the law.

"Well, I don't see no hope for us patriots of the old gang", said the man who had fought in the trenches for twenty years as he threw himself resolutely into a seat on the street car this morning. "I'm just waitin' now to hear that John Eckhart's ambition to be deputy warden of the Ohio penitentiary has gotten it where the chicken got the axe. Then indeed will the faithful be ready for the 'at rest' sign, and the party turned over to the huphrangers."

Human nature doesn't change so very much as the centuries roll on, as centuries will, and we suppose that when old Homer was trying his best to send a truly great poem marching and counter-marching down the corridors of time he was subjected to a good deal of criticism around home for dropping a little Bull Durham, or whatever kind he smoked, on the sitting room rug.—Columbus Journal.

How really great news items dwarf the ordinary run of affairs into insignificance. Our telegraph editor called our attention to the fact Monday that our News Association gave six lines to the American note to Germany about her submarine blockade while something like four thousand words were devoted to the Johnson-Willard fight.

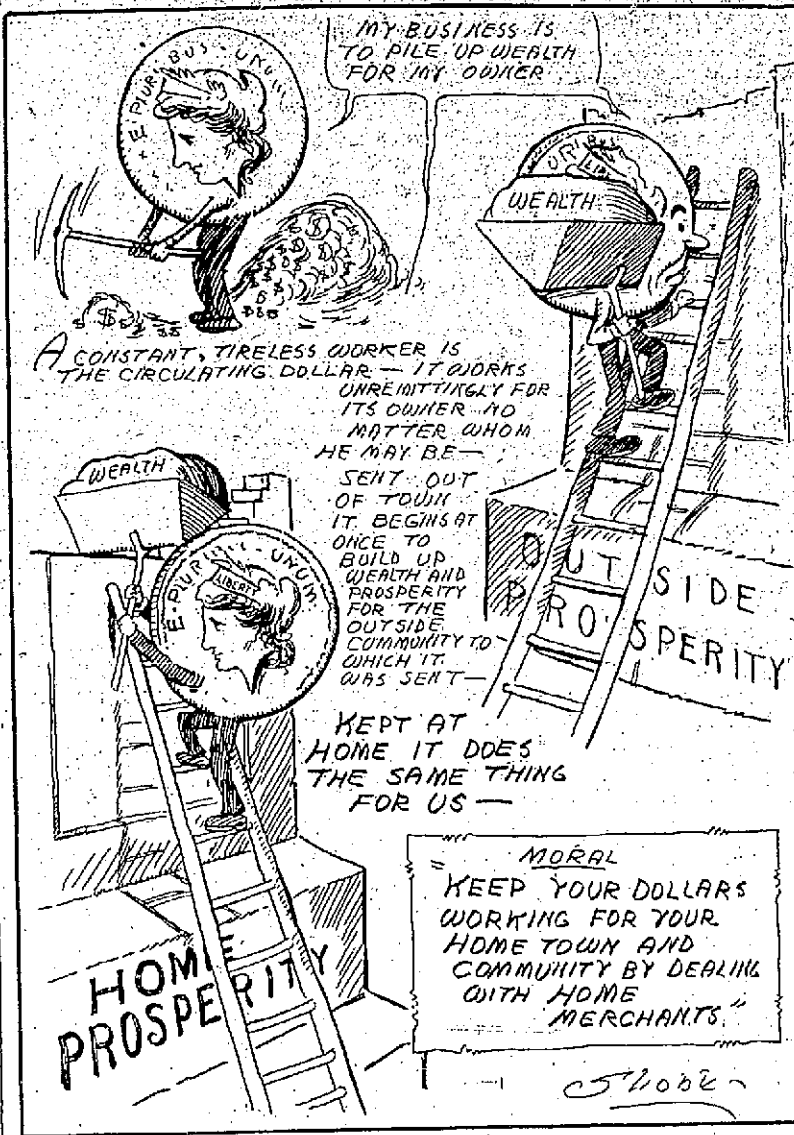

One of the beautiful things about the county commissioners' blockade of Portsmouth is that it does not require any costly dreadnaughts or battleships, or submarines to make it effective. All that is necessary is an order in council. Then, lo and behold, and the deed is done. And what is Portsmouth going to do about it?

There is one thing about our mayor and his departments that the county commissioners might well study with profit and that is you do not have to call attention twice to matters of moment to the public good. For instance those chuck holes in the city's portion of the Gallia Pike have been filled up.

We venture to suggest in a mild, innocent, soothing sort of way to The Star that it buy a few dozen of those souvenir state house spoons it is advertising and present one to each of the disappointed G. O. P. aspirants for local and state offices. It will give them something to think about besides the great trouble that has come upon them.

We rise to remark that judging by the solar plexus administered by Senator Tremper to his party organization he ought to be considered among the championship possibilities of the future when they begin figuring on somebody to clean up the victor of the Havana battle.

LEST WE FORGET

WHERE WE LOSE TRADE.

One of the worst results of the blockade of Portsmouth by means of impassable temporary roadways has been the deflection of trade to near-by cities and to the mail order houses. Catalogues from mail order houses have made their appearance in dozens and dozens of houses out in the country that never knew them before simply because farmers found it so hard to get into town. Added to this, the cost of living has been increased locally because many farmers have shipped their eggs, their butter, and produce generally to Cincinnati, where they used to bring the same to Portsmouth. They don't do it any more and as one farmer said to the editor of The Times Saturday, "I do not know that I shall again as I have established such satisfactory connections in Cincinnati."

Now these are facts and they affect every citizen of Portsmouth. It is a condition that ought not to exist and every effort should be made to see that officials responsible exert themselves to remedy conditions.

The King of England has asked the workmen of England not to take a drink until after the war is over. Just think how much more popular he would be if he had asked every one to have something on him.

All the old fashioned women have vanished, except she who persists in starting the fire with kerosene. And yet she is sailing off to glory at the rate of four a week in this immediate vicinity.

It is suggested that Commissioner Egbert probably expects to repurchase the battleship Bonne and put her into service in transferring passengers over the new stretch of Chillicothe pike paving during the rainy season.

It really is not pleasant to hear the cruel things the members of the Republican organizations hereabouts are saying these days about our fine Christian young governor and his chief patronage dispenser in these parts, Senator Tremper.

A man in Douglas is quoted as saying: "If you want to go to heaven, pay your bills, advertise in the local paper and see that your wife goes to church."—Kansas City Star.

Here's something else to worry about. A new spot has been discovered on the Sun.

And still the business revival keeps up. The Kelley Nail works at Ironton started up again Monday with prospects for a long and steady run.

WOMAN ON RAMPAGE

Caroline Shaw-Humphries went on a rampage and had a fight with her husband, Ed Humphries at their home, No. 1614 Eleventh street, Monday night. The woman, who had been drinking, was locked up but Humphries secured her release Tuesday morning, agreeing to produce her in court Wednesday morning.

THE ENVOUS SPARROW

One day an envious Sparrow perched upon a window sill. Said he, "The luck that some folks have just fairly makes me ill.

"Look at that young canary now, inside his cage of gold; He doesn't ever have to hunt his food and drink, I'm told.

"He simply sits and sings all day, as happy as can be, While I must work for what I eat; I envy him," said he.

His mother overheard his words, and said to him, "Indeed! I wonder how you'd like to live an cuttle-fish and seed!

"And then there is another thing you've overlooked," said she; "What if they should forget his food awhile, where would he be?"

The Sparrow said, "I had not thought about the things you say; I'm glad I am a Sparrow," and he gaily flew away.

Though you may sometimes feel abused, of this I have no doubt, If you will try I'm sure you'll find much to be glad about.

FATHER-IN-LAW ON THE JOB

Carl Staten, a shoemaker, was brought to police headquarters by his father-in-law, James Brock, an engineer at the Selby shoe factory, Monday evening. Brock reported that Staten had been abusing the latter's wife at their home, corner Eleventh and Chillicothe streets. Staten was released with orders to appear in court Wednesday morning.

BONDS GO TO FIRST NATIONAL

The county commissioners of Pike county on Monday afternoon awarded \$12,000 3 1-2 per cent 20-year bonds to the First National Bank of that town on its bid at par with accrued interest. No other bids were offered. The proceeds of the bond sale will be used to pay off the indebtedness of the county for the maintenance of inmates in state institutions from Pike county, covering a period of years.

LOCAL BOY ON TITLE PAGE OF BILLBOARD

The picture of a Portsmouth boy, Charles Adams, graces the front cover page of the Billboard this week. Mr. Adams is a member of the All-World's Auto Polo Team that will open the season at St. Louis this week playing at the Hippodrome.

He is considered the greatest star on the team and commands a handsome salary. Mr. Adams is a brother to Walter Adams, foreman of the stock room at the Selby Shoe Co., and J. W. Adams, N. & W. freight conductor, who resides at Seventeenth and Offshore street. The team will tour the large cities of the United States and hopes to stage a game at Cincinnati during the summer months. Auto Polo has become quite popular throughout the country, being one of the most exciting games ever devised.

Was Out Of Commission

Five Alarm Box No. 141, located at Fifth and Campbell avenue, was out of commission Monday afternoon and night and part of Tuesday, due to an accidental snapping off of the pole on which it was placed. The chimney of a house which Charles Ball was moving on Campbell avenue caught on the guy line to the pole with sufficient force to snap the pole in two. The repair was made by the firemen as rapidly as possible.

The Markets

NEW YORK STOCK

New York, April 6.—Further extensive selling for home and foreign interests provoked some irregularity in today's market but the undertone was consistently firm.

Prices were again pushed upward at the outset of the early market operations, all the leaders, as well as numerous specialties participating in greater or less measure.

Bethlehem steel repeated its familiar daily performance of a new high record opening with a block of 1200 shares at 93 to 94, and then rising to 94½, an overnight gain of 2 points.

Union Pacific, Great Northern, Northern Pacific and Atchafalaya were up a point or more in most instances attaining their best prices this year. Some heaviness was evinced by Penna. B. & O., C. & O. and Smelling. Selling for profits soon caused recessions from the top.

Recurrent heavy selling met the initial advance, with the result that most gains were soon lost. Commission houses reported a preponderance of selling orders, particularly in specialties.

Dealings in the first hour again exceeded 200,000 shares, with some moderation later. Bethlehem Steel lost most of its further rise, traders preferring to await the outcome of the annual meeting to be held later in the day. U. S. Steel was under pressure and Union Pacific showed the effects of realizing. Toward midday Reading and Amalgamated became features of strength, with irregularity elsewhere. Bonds were steady.

Buying of the Harrimans was resumed in the final hour with weakness in minor railways and some specialties. The closing was strong.

OBITUARY

Thornton Lucas

Thornton Lucas, aged 70 and a veteran of the Civil War, answered the final call Monday afternoon when he passed away at his home, 1111 and North Waller streets. He had been ill for some time with complications.

Mr. Lucas is survived by a wife and several children. The body was Tuesday removed to the Pfeiffer mortuary and it will be shipped on the Klondike to Rome, Adams county, where the interment will be made. Mr. Lucas was a splendid citizen and made a record for bravery during the war of 61-65.

Nicholas Cooley

Nicholas Cooley was born in Scioto county, O., March 14, 1837. When a mere child he was left an orphan and reared in the family of Peter Williamson on Dry Run. During the Civil War he was a member of the 13th Indiana infantry and served his country faithfully. Soon after the close of the rebellion he moved to Illinois and settled on a farm, two miles west of where Villa Grove now stands, where he resided for three years. He then moved to Tuscola, Ill., where he has lived 23 years. His wife died there on July 17, 1908. He was converted and joined the Methodist church some 44 years ago. He took active part in the church and loved to be within its walls. He was also a man always looked up to in Tuscola. He was true to his convictions of right, a good citizen, a kind father and a congenial comrade.

Mr. Cooley is survived by an only daughter, Miss Clemmie Cooley. His funeral will be held from the church he loved in Tuscola, the C. A. T. will attend the interment under the ritual of that order. He was a brother of the late Mr. John Cooley and the only relative left except his daughter.

He was superintendent of the Sunday School for many years.

The Rev. J. M. Goodspeed will officiate, assisted by Rev. A. A. White and W. S. Calhoun. The pall bearers will be C. A. R. comrades. Mr. Cooley died Sunday at infirmities of age. He was a brother of the late John Cooley, market street harness maker.

Local surviving relatives are Mrs. James Jack, Chillicothe pike, Mrs. John Cox, Summit street, both nieces. Mrs. Jack has been rather unfortunate, having lost three relatives during the past three weeks. A cousin, Walter Jones, Pittsburgh, and grandson Allen, Dayton, O., have both died within that period.

George Betts

George Betts, who formerly resided on Third street, city, passed away at an early hour Tuesday morning at the home of his father-in-law, A. S. Hill of Macleay, Ky. He has been ill with tropical trouble for many weeks. He was about 62 years old and is survived by his faithful wife and one daughter, Mr. Betts had spent much time in the Western states. He was last employed as a sawyer by Oscar Boyer, who owned a tract of timber east of the city.

Mr. Betts was a straight forward citizen, a man who was always willing to assist the needy and he will be missed. The funeral services will be held Wednesday afternoon.

John Wesley McGarry

John Wesley McGarry, aged 73, died at his home in Buena Vista at 11:30 o'clock Tuesday noon, after a four months' illness. He leaves a wife and two daughters, Miss Clara McGarry, of Olive Hill, Cincinnati, and Mrs. Frank Hodge, of Second street, city. The deceased was

Affidavits Filed.

Two affidavits were filed in probate court Tuesday, alleging abandonment of minor children. The defendants were Stewart Young and Carl Staten, both of this city, husbands respectively of Lissa Young and Geraldine Staten. Young compromised his case by paying \$10 in cash and agreeing to pay \$4 a week hereafter. The case of Staten is still pending.

A MEDICINE OF MERIT

PLANS LAID FOR BIGGER AND BETTER KARNIVAL

1915 Affair Will Be The Best Ever

Plans for a bigger and better Korn Carnival were laid at the monthly meeting of the directors of the Retail Merchants' association held Monday night and it is expected that the 1915 affair will surpass the one held last year, which was declared to have been one of the most complete affairs of the kind ever staged in Ohio.

At this meeting President Chas. Dugher announced the executive committee for this year, which will have complete charge of the carnival. The committee is composed of Arthur Bode, Albert Zoellner, Chas. Dugher and Samuel Hurehow.

Chairmen of the various committees were named as follows: Decorations, William Trischler; premium list, Arthur Bode; finance, B. G. Harris; railroads, W. H. Burt; music, B. G. Harris; advertising, Dick Richards; parade, W. W. Anderson and amusements, Si Straus. Mr. Straus will have as his assistants Fitzhugh Lee and Dick Richards.

Inasmuch as Portsmouth's Korn Carnival was a little different from other shows of this character in this vicinity because no paid attractions were permitted to come here the directors have practically decided not to accept an invitation to join the Fall Festival Circuit formed at fronton last week. The advisability of a move of this character was discussed and the matter was referred to the executive committee for final action. Other carnivals held in this section are usually overrun with paid attractions the committee claimed.

In the way of amusements this year's carnival should surpass all others as particular attention will be paid to this end of the event by Si Straus, chairman of the amusement committee. Mr. Straus is looking for outside parties to reach the city Wednesday when the first amusement contest will probably be awarded.

The following rules governing corn growing contests, which is always a feature of the big show were drawn up and adopted last night:

No. 1. Each entry shall consist of one acre laid out in rectangular shape, either 5 by 32 rods; 8 by 20 rods, or 10 by 16 rods.

No. 2. The acre entered shall be properly identified; location, description and suitable markers erected so that the referees may easily find the same.

No. 3. There must be, at least an 18 inch border on all four sides of the growing corn, which border is to be counted in the acre.

No. 4. In measurement of the acre, the 18 inch border must be included on all four sides; that is the measurement must start 18 inches outside of the rows on the sides and 18 inches outside the hills on the ends.

No. 5. Contests are of two classes:

(a) Open to adults within a radius of 25 miles of Portsmouth, Ohio.

(b) Open to any boy or girl within the radius of 25 miles of Portsmouth, Ohio, who was not over 18 months of age on January 1, 1915.

No. 6. An award of \$50 will be paid to the winner in each of these classes.

No. 7. The contestant in each class raising the largest amount of shelled corn on one acre of ground and complying with the rules shall be declared the winner.

No. 8. Intention to contest, designating the class, must be filed in writing on or before June 1, 1915 with Maurice A. Coe, secretary, room No. 322 Masonic Temple, Portsmouth, Ohio.

No. 9. The corn must be husked direct from the standing stalk between six a. m. October 25th and six p. m. November 6, 1915.

No. 10. The referees shall be three reputable, disinterested persons selected by the contestants. The referees shall measure the acre of standing stalks and witness the husking. They may assist in husking, and shall weigh the corn in ear from the entire acre and then give the contestant ten minutes' time in which to select 100 pounds of ears which shall be used as a basis in computing the yield of shelled corn of the entire acre.

No. 11. The certificate of the referees as to the measurement and weight shall not be questioned, and each contestant shall be placed upon his honor for fair and honorable conduct in this contest. Contestants should keep a complete record of all the work done, time spent and material used and report the same, if requested, to the secretary.

No. 12. Each contestant must display ten ears of corn at the Korn Carnival, October 8, 7, 8, 9, 1915.

What Thin Folks Should Do To Gain Weight

Physician's Advice for Thin, Underdeveloped Men and Women.

"Thousands of people suffer from excessive thinness, weak in nerves and feeble stomachs, who, having tried various diet-brothers, food-fads, physical culture, and other remedies, resign themselves to life-long ailments and thinness, not realizing that they can be made fat, not thin, and that they can be made strong, not weak, and that they can be made healthy, not diseased, and that they can be made to live, not to die."

TO OBSERVE ANNIVERSARY OF LEE'S SURRENDER

In compliance with General Order No. 4 issued by General Dyer, J. Palmer, Commander-in-Chief of the Grand Army of the Republic, will meet in the Bigelow Methodist church, corner of Fifth and Washington streets, Friday evening, April 9, at 7:30 o'clock for the purpose of commemorating the fiftieth anniversary of the surrender which took place at Appomattox C. H., Va., on April 9, 1865. The following patriotic organizations are cordially invited to meet and participate with us in these exercises: Sons of Veterans and the Auxiliary Spanish War Veterans, The Jr. O. U. A. M., and their Auxiliary and the Boy Scouts. We also extend a hearty invitation to the children and teachers of our public schools and the public in general to meet with us on this occasion.

The Bigelow is a large, convenient and commodious church building. The date of General Lee's surrender on April 9, 1865 stands as the culmination of four years of sacrifice, of suffering, of privation and all the horrors that are associated with sanguinary war. We will have fine music and eloquent addresses therefore we hope to see the church filled to its capacity.

Following is the program:

Is Coffee After Your Job?

The average cup of coffee contains about 2 1/2 grains of caffeine, a poisonous drug that handicaps the efficiency and chances for promotion of many bright men and women.

Read This Letter

"Down at the Junction," writes a railroad man, "where I am employed as Telegraph Operator and Towerman for a busy railroad, where every second counts and where I hold the lives of the entire train crew and passengers in my hand, I found coffee was making me dull and exceedingly nervous."

"My wife told me about Postum. I tried it and liked it. I never drink anything else now I have a tin of Instant Postum in my mail. I feel fine, my brain is quick and active and there's no delay at the Junction while I'm on duty. I really think coffee would have put me out of a job if I hadn't quit it for Postum."

POSTUM

Made only of selected wheat and a small per cent of wholesome molasses, Postum contains nothing harmful or injurious, but is, on the contrary, healthful and invigorating.

Postum comes in two forms: Postum Cereal—the original form—must be well boiled, 15c and 25c packages; Instant Postum—the soluble form—made instantly in the cup with hot water, 30c and 50c tins. Both kinds are equally delicious, and cost per cup about the same.

Miss Dolly Wise

She is here to answer any and all questions concerning love, matrimony, troubles, woes, etiquette, etc. Inquiries should be addressed to Miss Dolly Wise care The Daily Times, Portsmouth, O. Office Phone 50. Residence A-693.

Miss Dolly Wise.—Please tell me in tonight's Times what day of the week July 14th, 1899, comes.

MRS. WANT TO KNOW.

Dear Dolly.—I have heard that it is awful rainy and wet in California about half the year. Will you please tell me when and why this occurs?

AN EXPO BOOSTER.

California has but little rain between May and November. This is owing to the Eastern or trade winds which prevail; they having been deprived of moisture by crossing the continent and meeting the Rocky and Sierra Nevada Mountains. The westerly winds prevail from December to May, which produces the rainy season.

Dear Dolly.—Why is it some children are so rude and ill-mannered? I have two little boys and I declare I can't do a thing with them. When I take them anywhere they shame me, and when company comes they do the same thing. They don't learn such stuff at home, as me and my man are good Christian parents and we try to do what is right by our children. They must learn to be rude and disobedient while out with other bad boys. Can you help me? **A MOTHER.**

**A Sure Way To
End Dandruff**

There is one sure way that has never failed to remove dandruff at once, and that is to dissolve it, then you destroy it entirely. To do this, just get four ounces of plain, common liquid arvon from any drug store (this is all you will need), apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips. By morning most if not all of your dandruff will be gone, and three or four more applications will completely dissolve, and entirely destroy every single grain and trace of it, no matter how much dandruff you may have. You will find all itching and digging of the scalp will stop instantly and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

Times Service Pattern 1248

1248. A most attractive pleasing model.
Jadies' lounging robe or kimono.

Light blue crepe, with figures in soft tones of cream and darker blue, was used for this model. The cuffs and collar were faced with blue satin. This style is lovely in the pretty flowered lawn and dainty dimities, and nice for cretonnes, China and Japanese silks, also for cashmere challis and albatross. For a warm robe in this style, blanket, flannel or flannellette could be used. The pattern is cut with a deep shaped yoke, and the deep neck opening is finished with a rolling collar. Becoming cuffs trim the sleeves. The pattern is cut in 3 sizes: Small, Medium and Large. The Medium size will require 7 yards of 36-inch material.

A pattern of this illustration mailed to any address on receipt of 10c in silver or stamps.

Orders for patterns are forwarded to New York to be filled, hence it requires several days for the pattern to reach the purchaser. Patterns can not be ordered by telephone. Do not use postage stamps for larger denomination than two cents.

CAUTION—Order adult pattern by number of pattern, giving bust measure for waist patterns, and waist measure for skirt patterns. For Misses and Children give number of pattern and age only.

COUPON

This pattern will be sent on receipt of 10 cents. Make number, name address, etc., plain. Send to Pattern Department Portsmouth Daily Times, Portsmouth, Ohio.

SOCIETY

Miss Ethel Morris, an English teacher in the high school, entertained last night all members of the Junior class, who took part in the play, "She Stoops to Conquer" which was given a few weeks ago. Miss Morris instructed the Juniors for this play. Those present were Mildred McAfee, Elizabeth Huddleston, Jessie Gibbs, Ruth Crawford, Miss Alma Morris, Margaret Ball, Hortense Ball and Miss Ethel Morris; Lorin Cunningham, Vancil Alexander, Massie Foley, John Higgins, Feurt Crawford, One York, Cranston Locke, William Quinn, Ralph Hopper, Norman Deuell, Bruce Thomas, Walter Lewis, William Trone, Richard Frinee, Homer Wilson, Elmer Warner and Stanley Hopkins. The evening was spent in various games. A special event of the evening was a moving picture, show given by Massie Foley, Dee York and John Higgins. A poetry contest was also a feature of the evening. The first prize was awarded to Massie Foley, who took Miss Morris as the subject of her poem. Dainty refreshments were served. The place cards had the picture of each guest on them and a small part that each had to say in the play. The jolly crowd departed at a late hour, after having spent a most delightful evening.

A MAN READER.
Simply go straight to the desk and register, giving your name and town. A bell boy will take your luggage to the room and will open it for you. You simply follow him to the elevator and take possession of the key after he has opened the room and set your baggage inside. You are expected to tip the porter, if you ask for any special service, such as ice water, refreshments in your room, attention to wardrobe, etc. The best hotels discourage the tipping habit and you are not expected to tip except in special cases. When leaving the hotel you stop at the desk, say that you are going, pay your bill and ask them to send to your room for your baggage. If your baggage is light you can take care of it yourself if you so desire.

Dear Dolly.—How soon after the ceremony is a bride expected to remove her veil? Should gloves be worn if a ring ceremony is used? Please advise me.

BROWN EYES.
A bride usually keeps her veil on until she changes her wedding gown for her going away outfit. Gloves should be worn at any kind of a wedding ceremony. With the assistance of your maid you can remove the glove on your left hand at the proper time.

Dear Miss Wise.—What will make skin white, and what day did June 16, 1903, come on? What will take ink stains out of a table cloth? It is a white one.

FLORENCE.
Buttermilk and lemon juice will whiten the skin unless it is naturally dark. Tuesday. Try smacking the ink spot in turpentine.

My Dear Miss Wise.—I am a maiden lady of 23 years, but my friends tell me I have a face that would pass for 20 and what I would like to know is, how to make sage tea to keep my hair its natural color, as mine is turning gray so fast. Please tell me just what to get and how to fix it, as I don't want to take any chances on making conditions any worse.

OLD MAID.
Buy the sage leaves at drug store and brew them. I doubt if this will color your hair though. Better look to your general health and massage your scalp every night. However, if you want to dye your hair you might use walnut juice, or Walnutta, which you can purchase at drug store.

Dear Dolly.—How do you make fudge candy?
A READER.
Two cups sugar, 1-2 cup sweet milk, butter size of a goul walnut, flavor with vanilla, grate chocolate in and cook until it makes a soft ball when dropped in water; pour on buttered plate and stir until hard.

Dear Dolly Wise.—I am going to have a party. Would you tell me what to serve? Please tell me how my writing is. L. M. M.
Serve cream and cake or sandwiches, coffee and a salad. Good.

Dear Dolly.—How can a young man have lots of girl friends?
JOHNNY.
By treating them fairly and not showing favoritism to any one.

Dear Dolly.—How can I have pretty arms and elbows?
LOUISE.
Massage the arms with a circular motion once a day. Rub cold cream on your elbows.

Mrs. A. C. Provine, of Monroe, is shopping in Cincinnati, and is visiting Mrs. Jacob Brooker, formerly of Portsmouth.

Miss Helen Thissen, 1209 Franklin avenue, entertained with a birthday party her little friends. They played games and had an enjoyable afternoon after which they were served with ice cream and cake. The table was decorated in yellow and white. Those present were: Helen Thissen who was 10 years old Monday, Miss Louise Jones, Goldie Thornton, Gertrude Thornton, Beatrice Moore, Elizabeth Taylor, Mabel Bennett.

Mrs. Mary Stephenson has returned to her home in Ironton after spending Easter with her daughter-in-law and grand daughter, Mrs. Roy Stephenson and Mary Frances Stephenson of Wheelersburg.

Gilbert and Richard Kendall are home from Athens for a few days vacation.

Mr. Bennett's Sunday School class will hold their monthly business meeting at the home of Mrs. Bradford on Thursday evening, April, the eighth.

Mrs. Pyle, of Park avenue, will entertain the T. H. B. club on Thursday instead of Wednesday, the regular meeting day, on account of the meeting of the Industrial Dames to which some of the T. H. B. members belong.

Mrs. Feurt, of Franklin Furnace, is visiting her sister, Mrs. Geo. M. Osborn, of Ninth street.

Mrs. J. P. Caskey arrived today to visit Miss Kate McConnell of Glover street.

One of the most delightful of this season's programs was presented Monday at the Ladies' Musical in the High School Auditorium. Miss Laura Allard was the chairman who arranged the artistic program as follows:

Voice—A Spray of Roses—Sanderson; (b) Duet—Sanderson—Miss Katherine Stockham, Miss Edna Wilhelm, accompanist.

Now banish before the Holy Beams, Despairing, Cursing Rage, A Now Created World.

The program was followed by delicious refreshments. Miss Elizabeth and Heaters of Trinity. Mrs. Young Rockwell and Mrs. Everett Wilcox will be assisted by Mrs. B. R. Crawford (Elizabeth Norris) will be hostesses at the next meeting.

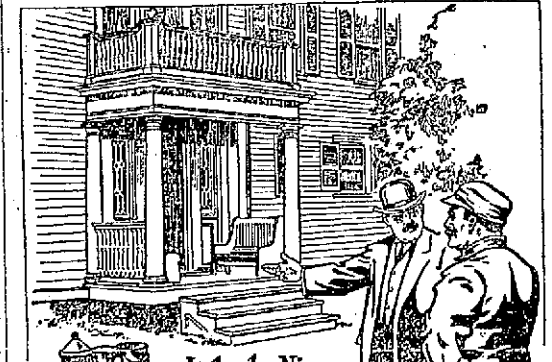

Mrs. Howard Williamson and little daughter Helen will leave Wednesday for Cleveland to visit her sister, Mrs. Boyce Elliott.

Miss Louella Wendelken of Glover street, has been quite ill for the last few days with bronchitis.

Mrs. Norma Hark Young will give a song recital on the evening of Thursday, April 22nd, in Trinity church, for the benefit of the Standish refreshments. Mrs. Elizabeth and Heaters of Trinity. Mrs. Young Rockwell and Mrs. Everett Wilcox will be assisted by Mrs. B. R. Crawford (Elizabeth Norris) will be hostesses at the next meeting.

Mr. and Mrs. Moses Lehman and family, of Second street, motored to Ironton, Sunday and called on friends.

Miss Alma Morris and Miss Margaret Ball will leave today for Columbus to resume their studies at O. S. U.

**It looks Nice—
Yes—But How Long
Will It Stay That Way?**

THAT'S the point—how long will it stay that way? All paint looks practically the same after it's put on a house—but the real test of quality comes in the period of wear, and the appearance while wearing. **LAWRENCE HOUSE PAINTS** come ready mixed in the purest *Linseed Oil*—that's why they last far longer and hold their brightness better than other paints.

Lawrence House Paints
are very economical.

They not only appear well when placed upon a house, but the pure *Linseed Oil* from which they are made offers a perfect protection against the elements and prevents your property from looking "run down." They cost the same as other paints—but there's extra value in every gallon. If you simply mention the brand "LAWRENCE" to the painting contractor who undertakes your work, you'll not be troubled with another painting problem for a long time. —we guarantee it.

Come in and we'll show you why Lawrence House Paints are above the average in quality.

CHILDREN HATE PILLS, CALOMEL AND CASTOR OIL

Look back at your childhood days. Remember the "doso" mother insisted on—castor, oil, calomel, cathartics. How you hated them, how you fought against taking them.

With our children it's different. Mothers who cling to the old form of physic simply don't realize what they do. The children's revolt is well-founded. Their tender little "insides" are injured by them.

If your child's stomach, liver and bowels need cleansing, give only delicious "California Syrup of Figs". Its action is positive, but gentle. Millions of mothers keep this harmless "fruit laxative" handy; they know children love to take it, that it never fails to clean the liver and bowels and sweeten the stomach, and that a teaspoonful given today saves a sick child tomorrow.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs", which has full directions for babies, children of all ages and for grown-ups plainly on each bottle. Beware of counterfeits and here. See that it is made by "California Fig Syrup Company." Refuse any other kind with contempt.

THE LURE OF THE MUSIC, A MEMORABLE PROGRAM

Second Presbyterian Church
Easter Evening, 1918
(Mary E. Draper)

How beautifully earth and air and sky combined to make the Easter of 1918 a glorious one—truly a "Dies Gaudio"—a joyful Sunday, when all the world were rejoicing in the precious thought—

"Tis the spring of souls today—
Christ hath burst His prison,
And from three days' sleep of death,
As a sun hath risen."

And thus it is that the sepulcher is the gateway for outbreathing joy, while the lure of Easter music and Easter flowers is strong within us, because they speak of the risen Christ and His triumphal accomplishment of the work of Redemption.

Never has the contemplation of these comforting truths brought more joy to the writer than they did at the Service of Song Easter evening at the Second church. The program was arranged and presented by Professor E. P. Chipman and his choir of well-trained and finely blended voices, seemingly with the view of bringing out every feature of that memorable "third day" which stands as a veritable "rock of strength" in its relation to Christian doctrine. The program opened with the Grand Processional, "Jesus Christ is Risen Today, All hail!"—an Easter hymn adapted from the Latin, which has been a favorite for centuries. The second number embodied the earnest query of the angels, "Why seek ye the living among the dead?" The choice musical setting by Samuel P. Warren, for many years the beloved organist and choirmaster of Grace church, New York City. It opens with a majestic outburst, "Christ is risen," thrice repeated, each time with increasing fervor, which is followed by a solo of great beauty, and Mrs. Harry Hugh's superb rendering of it was such that—

"Through every pulse the music stole,
And held sublime communion with the soul."

The anthem closes with a grand fugue climax, "Glory and Dominion forever and ever," replete with inspiration even to the final "Amen." An Easter program would hardly be complete without Chapin's fine setting of "Christ our Passover is sacrificed for us," and never was it sung with finer expression. Messrs. Chick and Lloyd, with their exceptionally rich tenor and bass voices, brought out in glad, but reverent tones St. Paul's inspiring words to the Corinthians, "Since by man came death, by man came also the resurrection of the dead," the chorus joining with heart and soul in the noble "Gloria Patri" with which the anthem closes. Few have thought to pay tribute in music to the beautiful fact that—

"At the tomb where Christ hath been,
Watching,—waits the Magdalene."

This anthem (fourth on the program) is by another talented member of the Warren family, and it has been a was rendered with rare pathos and source of great satisfaction that fervor. The next number was full of spiritual uplift and inspiration, given them places upon his program. With joyful hearts let us praise praise him, by the Italian composer, vailing theme in Gounod's "Cantata."

Gloria—a difficult composition, in which there are many new and unusual intervals, and numerous long sustained notes and cantabile passages, all of which must have taken much time and care in preparation. Especially interesting is the part, "God the Father hear us," commencing as it does, in a plaintive pianissimo, while louder and fuller rise the harmonies, until at last they seem to reach a sunny shore upon which they break, and then, a whispering ripple of melody lingers a moment in the organ, like the gentle murmur of a wind-harp.

Miss Zeigler, Mrs. Nodder, Messrs. Chick and Martin, whose choir record is of the very highest order, and whose services are highly appreciated by their friends in the pews, gave great pleasure in the solo and concerted parts. Miss Zeigler's pure, sweet and well-cultivated voice brought out the obligato at the close in a very charming manner, while every heart in the audience responded to the joyous and oft-repeated "Alleluia" of the united choir. En passant, and because of our belief in bestowing the "flowers" of well-merited appreciation in one's life-time as well as in the grand motto of today, "Do it now," we cannot refrain from dwelling a moment upon the faithful, long-continued and efficient service which one of the soloists in this anthem has given to the church—Mrs. Minnie Smith Nodder. Her voice is an exceptionally rich, clear contralto, while her low tones are as full and resonant as if it were a pure alto. For this reason, both in solo and concerted work, Mrs. Nodder has been of great value to the choir. But, above and beyond all, she has been for years one to be always "counted on," never permitting anything but sickness, or absence from town, to detain her. This characteristic (so noble, so helpful in a choir member), as well as her fine voice, are truly inherited from her mother, Mrs. Henry Smith, whose choir service commenced in the First church in the early 70's, and continued until the establishment of the second church, where she again became the leading alto until succeeded by her daughter in 1911. Count the years, and say if you know of another instance in which mother and daughter have been so beautifully linked in a "labor of love." And is it not richly worthy of commemoration and appreciation? The last, and possibly the most pretentious number upon the Easter program, was the "Cantata" from the motet "Gloria" by Chas. Francois Gounod, the beloved French composer, of whom it is truthfully said, "he never gave to the world one single composition which does not bear the impress of his earnest desire to do honor to the art he loved." The compositions of Gounod and of Dudley Buck were especial favorites of the writer during her nearly thirty-three years of organ service in the Presbyterian churches of Portsmouth, and it has been a source of great satisfaction that fervor. The next number was full of spiritual uplift and inspiration, given them places upon his program. With joyful hearts let us praise praise him, by the Italian composer, vailing theme in Gounod's "Cantata."

But the real test of the divinity of his gift is his power at the organ to touch the emotions in those to whom there is a beaten path from ear to heart, and make them recognize in his playing the language of a human soul, with its yearnings, hopes, joys and fears. Take him all in all, Professor Chipman is a man, and a musician, whose like we shall not soon have with us again! Somewhere in the near future we trust that a nobler instrument even, than ours, awaits his skillful touch, and that his earnest labors in one of the most important features of church service will again be ably seconded by a painstaking, faithful, devoted choir, and an appreciative congregation, and thus—

May Music's sweet lure beckon on,
And on—
Bringing joy to his coming days,
And may He who touches him the "art divine,"
Keep his path in pleasant ways!

Baseball Teams to Meet
All members of the Athletic team of the Boy Scout league and the Yankee team of the Peerless league are requested to meet at Boys' headquarters Wednesday evening at 7:00 o'clock.

More New Members
The Scout Commissioner reports that more new members have been received into the scout movement in the past two months than at any other period since the work started in the city. The following new members were reported at Boys' Headquarters Tuesday noon having registered last week: Howard Hubbard, Charles Adams, Orell Beck, George Baughman, William Boekner, Lucius McElhenny, Early Hamblin and Rudy Cox.

Tigers Elect Captain
At a meeting of the Tiger team last night Tom Williams was elected captain for the coming season. The boys also selected their suits which will be ordered right away, so they can be worn at the opening game on May 1st. This team is held a social on Thursday evening at the First Presbyterian church, the proceeds to be used in

paying for the uniforms. The admission price is 10 cents.

The Patrol Leaders of troop 9 will meet in social session this evening at the home of Scout Joe Davis on Grandview avenue. A fine program will be rendered and a great evening is expected by the leaders.

Gold Meeting of Troop 5
Troop 5 held an enthusiastic meeting last night at the German Evangelical Sunday school room. It was an athletic evening and a number of interesting stunts made the evening one of real pleasure and enjoyment. The meeting was in charge of Scout Master Lindenmeyer.

East Enders Meeting
The boys of troop 8 of the East End held a good live meeting last night at the Manly church. The report of the ball team by Captain Hamilton showed that the team had purchased their suits and paid for them. Mr. Charles Brunner, leader of the Boy Scout band gave a short talk, after which the troop adjourned.

Portsmouth Scout Masters.
The recent report from Boy Scout National Headquarters, New York, shows the following Portsmouth Scout Masters registered and active: Troop 2, C. M. Williams; troop 3, J. W. PURITY FIRST
The Painter's Paint

Mixed Before Your Eyes

When your house is painted with Carter White Lead, remember that it will last a long time, so be sure to get a color scheme you will not tire of. Every "Purity First" painter has "The Paint Beautiful" portfolio that shows twelve modern houses painted in different color combinations. It may show just what you want—it will at least give you valuable suggestions. Remember some colors will not last as well as others, but the painter knows which ones are permanent and you can rely on his experience.

Carter White Lead, makes whiter white paint and clearer tints because of its superior whiteness. Specify "Carter"—have your painter mix it to your order—any color you want—with pure linseed oil and put a brushful on your house. Then there is no chance for any dissatisfaction—you will have a pleasing color scheme; the exact colors you select will be mixed before your eyes; you will have pure unadulterated paint that will last until it is so dirty that fresh paint is indispensable.

CRUMBS BRUSHED OFF TABLE OF SPORT

All but the new champion, who took out our hats to you, Mr. Willard.

The St. Louis Nationals are not having much trouble in winning from Brantley McKee-Brown, coping three out of the first four games.

The Washington Senators, who staged a shut-out in Cincinnati Sunday at the Huntington's expense, are confident of being one, two in the American league this season. The Senators performed in a high class manner in Redland Sunday.

After the fifteenth round Johnson began firing perceptibly. It was generally believed that if he didn't stop the cowboy before this time that Willard had a good chance of bringing down the champion.

Prof. Billy Doyle now has 24 rookies in training at Millbrook. As fast as new recruits show up Doyle lops off a few as he has received some very inexperienced players.

Now we will hear of Willard winning fame in the ranks of vaudeville. Of course he will be the biggest man in the country for a few weeks any how. This always goes with a championship.

Nearly everybody likes to see a new champion. And Willard, the human yardstick, bids fair to be a real champion and a worthy successor to Johnson.

For once the writers had the dope on a big fight. After taking a peep at Johnson and Willard they sent the news broadcast that Willard really looked up for a championship battle, and barring a lucky punch by the Big Smoke, he would win. Score one for the sport writers.

Ironton has practically wiped out last year's debts and the Nellers are going to start the new season with a new state.

Because of the wealth of material minor leagues are turning back ball players, who in the old days, anti-Federal league days would have no trouble in holding their jobs.

Oh, yes, the Cleveland Americans will be heard from Sunday. And so will Billy Southworth, Billy Nixon and a few other stars.

Johnson is just an ordinary fighter now. Suppose he will be taking on all second raters for pin money. That is the history of most fighters, when "de-throated."

A serious hitch in the crossing controversy developed late Monday afternoon when the county commissioners imposed as one condition of the passage of the resolution that the rail way company pay the salary of Engineer A. B. Somerville.

Henry T. Bannon, attorney for the C. & O., stated that the company would refuse to pay Mr. Somerville's salary for work he had already done in going over and revising the plans. When Mr. Bannon called for a vote on the proposition the commissioners retired to their room to caucus on it.

After a short secret session the commissioners announced that they would stand pat on the crossing matter and refused ultimatum made by Mr. Bannon that the county pay Mr. Somerville for his services.

It was then announced that condemnation proceedings would be instituted by the C. & O. in probate court Wednesday.

The commissioners can have as many engineers and inspectors as they want on the job when work is started, but the county must pay them," said Mr. Bannon.

Representatives of the Chesapeake and Ohio Northern Railroad company and the county commissioners are in session this afternoon, relative to the final adoption of the resolution approving the plans of the railroad company in regard to crossings, change of location of public highways, and other matters in connection with the building of the railroad line through the county.

Objection to section five of the resolution, which provides for the abandonment of a highway in front of the farms of Ira Coriell and Lindsey Coriell in Madison township, on the ground that it was contrary to law was made by Judge John C. Milner, representing the Coriells. From all indications the objection will not be sustained. Judge Milner intimated that injunction proceedings may be started by his clients.

In this connection, Henry T. Bannon, attorney for the company, stated that his company proposed in test out the provisions of the resolution in the courts to insure the company's title to all property free from any cloud.

Discussion of the payment of damages to property owners along the route and other matters in connection with the adoption of the resolution occupied the attention of the parties for several hours, and they were still in session at press time. Unless some serious hitch develops, the resolution will be adopted in its present form.

SUSPENDED

ST. MARY'S WINS

In a walk away game played in York park Monday afternoon St. John's college met defeat at the hands of St. Mary's school team by the score of 15 to 4.

The feature of the game was a one hand stab by Pat Toomey, the star centerfielder of the St. John's college team. Schreck started pitching for St. Mary's crick team but was forced to retire in the third inning on account of being hit on the thumb by a line drive. He was succeeded by Turney, who although wild, held his own. McNamara pitched the entire game for the St. John's team.

Score by innings:
1 2 3 4 5 6 7 8 9 R. E.
St. M. 1 1 0 0 2 0 3 6—15 132
St. J. 1 1 0 0 0 1 0 10—4 51
Batteries: Schreck, Turney and Younger; McNamara and Clark.
Two Base Hits: Schuck, Younger, Emmett.
Home Runs: Grice, Turney, Schreck 2.

Some One Played A Joke On Mrs. Johnson

Chicago, Ill., April 6.—When newspaper reporters telephoned Jack Johnson's home here yesterday, giving the result of the heavyweight championship fight in Havana, Mrs. Tiny Johnson's former champion's aged mother, refused to believe the news.

"It can't be true," she kept repeating. "My son licked—knocked out? No street." So to confirm the reports, she had a member of her household to cable her from Havana as follows: "What about the fight? Was it a knockout? Who won? Send news at once." Before a reply was received, some one evidently desiring to play a joke on the family telephoned the news of a Johnson victory, which was met with cheers.

THOSE ON INSIDE WON THE MONEY

Very little local money changed ownership on the Willard-Johnson fight. The Johnson supporters were dubious about the outcome owing to Johnson's age and the Willard admirers were apprehensive that he lacked the punch, but he came through with the haymaker in great shape. Those on the inside it is said won nodules of coin on the outcome as Willard was in grand shape and youth must be served.

Was Game Gink

Well, Johnson held the crown a good many years. One thing stands out in his spectacular career, he was not a chump champion. He was always willing to meet a worthy adversary and fought clean battles. He has been a wonder, but time has dimmed his lustre and he is now a candidate for the army that delights in recalling when they were at the zenith of their career, be it of a pugilist, commercial or a professional character.

WILLARD AS DICTATOR

Oh well Johnson should worry. Didn't he get \$30,000 for taking a good beating? Who wouldn't for that sum. But the trouble with Johnson's beating is that with it went his earning capacity as an arena star.

If Johnson gets a return match, Willard will dictate the terms of the encounter and not Johnson as he did in the arrangements climaxed by Monday's battle.

W. Va. Miners Ratify Operators' Contract

Charleston, W. Va., April 6.—Announcement was made at district headquarters of the United Mine Workers today that miners of the New River Coal field had ratified by a referendum vote the contract recently made by the officers with the employing companies.

The scale which will be in force until March 31, 1919, provides for the existing rate for mining with increases from time to time as increases are made in the central competitive fields of Ohio, Illinois, Indiana and Western Pennsylvania.

All disputes are to be settled by arbitration. The agreement affects 15,000 men.

George Raymer, an ex-convict, who just recently completed a five-year sentence in the Ohio penitentiary, is again in trouble.

Raymer was arrested Monday night for alleged stealing a quantity of paint from Hanna Bros. It is said to have been taken from some new houses Hanna is building on the Chillicothe pike. Two gallons that he is supposed to have sold to a painter were recovered by the police, and three other gallons were found concealed under a pile of coal.

So Long Mike. After picking his trunk and saying goodbye to friends here, Mike O'Day left Tuesday for Wheeling, where he will play this season.

Albert DeLottell was arrested by Officers Emmett and Henderson Monday night on complaint of a Miss Dowdy, who claimed that as she was leaving the Wilhelmette dance hall he insulted her. She said she succeeded in breaking away from him, but that he hurried to her room and stole her manacles toilet set. DeLottell was released on \$5 bond for his appearance in police court Wednesday morning.

Look Over Lookies. Manager Dick Smith, President Hannon and Secretary L. J. Fillmore of the Ironton team, motored to Portsmouth Tuesday and took a look at the players Scout Billy Doyle has working out in Millbrook.

Another Looked Up. Kinney Thompson was locked up Tuesday in connection with the stealing of paint from Hanna Bros. for which George Raymer was also locked up Monday night.

HARRY LAUDER

World-famous Scotch Comedian, says:

"Tuxedo, for mildness, purity and fragrance, THE tobacco for me. With my pipe filled with good old TUXEDO, all my troubles go up in smoke. In all my world-wide travels I've yet to find its equal as a slow-burning, cool-tasting, sweet-flavored tobacco. TUXEDO satisfies me completely."

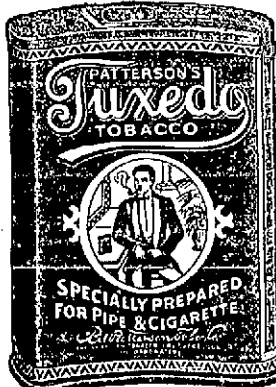

Tuxedo Keeps the World in Good Humor

Here is the man whose life work is to make millions of people happy. In pursuing his call, he travels the wide world over. He is a great lover of his pipe, and in all sorts of corners of the earth he has tried all sorts of tobaccos.

What is his unqualified statement in regard to Tuxedo? Read it again: "I've yet to find its equal." This is the frank and candid opinion of thousands and thousands of experienced, judicious smokers. Tuxedo is absolutely the best all-around tobacco that modern tobacco science can make.

Tuxedo

The Perfect Tobacco for Pipe and Cigarette

Uncorking a tin of Tuxedo is like lifting the lid on concentrated sunshine. And then, when you fire up! Well! The first puff's a revelation, the second's a revolution, the third just gets you happy-like! Then you're off—just as sure as you'll see the green grass and hear the birds sing next Spring.

The exclusive "Tuxedo Process" brings out the unsurpassed mildness, delicate fragrance and mellow flavor of the Burley leaf in a way that has never been successfully imitated. At the same time it refines the tobacco until every trace of harshness and "bite" disappears.

FARMER IS KILLED BY HIS BROTHER-IN-LAW

Another tragedy was added to the list of fatalities in the White Oak, Ky., neighborhood Tuesday morning when Paris Henderson, a farmer, is said to have shot and instantly killed his brother-in-law, Charles Hillis, also a farmer. Henderson made no effort to escape, claiming that he shot in self defense.

Hillis married Henderson's sister, but they have been living apart, Mrs. Hillis making her home with her brother, who denied Hillis admission to the house. Hillis called about eight o'clock.

Claims He Was Afraid of Axe

About eight o'clock this morning, Hillis, who lives about one mile west of the Henderson home, passed the latter place carrying an axe on his shoulder. Henderson was standing in the front yard of his home. The two men exchanged hot words and a quarrel ensued.

Henderson claimed that Hillis became enraged and started toward him with the axe upraised as though to strike him. He says

he fired to protect his own life, the bullet killing Hillis almost instantly.

The county authorities at Vanceburg were notified of the shooting, and the coroner left at once to make an investigation. This afternoon it was reported that he had examined the body and announced that Henderson's death was due to a gun shot wound.

It was also stated that Henderson, the gun user, had started for Vanceburg to give himself up to the sheriff, making no effort to escape. He told his family and friends that he acted in self defense, and that he felt confident that he would be held blameless.

Used To Work For J. T. McCormick

Hillis formerly worked for J. T. McCormick, formerly of Lewis county, now a resident of this city, and is well known in the vicinity of Vanceburg. He also had many friends in this city, where he often visited on pleasure and business. Henderson is also a prominent farmer of Lewis county and enjoys a good reputation.

White Oak, where the shooting occurred, is half way between Tatesboro and Concord, Ky.

NOW YOUR CORNS MUST GO

Dr. Hunt Discovers Method that Kills Corns by Penetration. ONLY 10c.

That old corn, that stubborn corn, that sore corn, you can now get rid of it once and for all, for Dr. Hunt of Sidney, Ohio, has discovered the scientific principle that makes corns go easily and painlessly.

Dr. Hunt's New Corn Cure does its work by penetration. That is Nature's own way. Goes to the very root of the corn. Corn lifts out, root, body and branch in two days.

No dangerous caustic ingredients. No liquids to dry out. No bulky pads or greasy salves. Dr. Hunt's New Corn Cure comes in ready-to-apply plaster form. "Trim" plaster exact size of corn and apply. More than two applications are seldom necessary for the most stubborn corn. Your corn cures up at once. The soothing penetrating ingredient works without discomfort. In two days you have no corn. This is a doctor's discovery. The result of life-time study.

And a box-full costs you only ten cents. Guaranteed or money refunded. Sold by all druggists and shoe dealers. Or, send ten cents in stamps to American Chemical Company, Sidney, Ohio.

Contract for the burial of the pauper dead of Scioto county for the coming year was awarded Tuesday to John Dice, of this city, by the county commissioners, upon his bid of \$5.75 for each corpse. The bid of the P. C. Daehler company, the only other bidder, was \$6.70.

TREMPER BILL DECLARED VOID

Attorney-General Turner Monday held that the Tremper bill, introduced by Senator W. D. Tremper, of this city, which sought to extend for two years the loans of state money to the building and loan associations in cities stricken by flood in 1913, was null and void. While passed as an emergency measure, the attorney-general held that the bill fails to state a legal emergency, affecting the "public peace, health or safety," and that as the act fails as an emergency act, it fails entire.

Alternative courses confront building and loan associations affected with respect to the \$1,777,000 of state funds that they have on deposit at this time, according to the attorney-general's ruling. Either they must return the money to the state by April 10 or they must defend their claimed right to hold it longer in the Supreme Court.

In his ruling, Turner adhered to the strict application of law announced by him in his earlier opinion to the General Assembly on the referendum provisions of the amended constitution on the state at the time the Beidler tax ripper was pending.

The money was loaned to the associations under the Vanderhiele bill of 1913, to give the funds with which to loan money to home owners in the flooded districts so that they could repair and make habitable their homes. An emergency existed at that time, says Turner, but not now.

Most of the associations affected are located in the Miami Valley, but there are a few in other sections of the state. Local building and loan associations have on deposit some of the state funds, and the officers and directors were interested in the passage of the Tremper bill.

HONEYMOON ENDS IN A FIGHT; BRIDE IS CUT

\$100 Reward, \$100
The reader will be pleased to learn that there is at least one up-to-date disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for full particulars.

Address: F. J. CHENEY & CO., Toledo, O. Sold by all Druggists. 15c.

Take Hall's Family Pills for constipation.

THE PERILS OF BRONCHIAL ILLS

The bronchial membrane lining the bronchial tubes, the bronchial tubes and the bronchial veins all become highly inflamed from bronchitis—results of exposure to cold or dampness. Quick relief determines whether the disorder shall stop at the first stage or progress to the chronic form.

SCHENCK'S SYRUP contains no narcotics. By prompt reduction of the bronchial inflammation it relieves the keen pain and dull ache that throbs through the air passages and supports the affected parts. Lightly years a family medicine for the treatment of bronchitis, coughs, hoarseness.

Word from the hospital at 3 p. m. was that Mrs. Herbert Vaughn who was seriously stabbed by her husband, was doing nicely and that barring complications she would recover.

Mamie Lindsay-Vaughn, a negroess and bride of five months, lies at Hempstead hospital dangerously wounded from a half-dozen or more knife cuts inflicted by her husband, Herbert Vaughn, an N. & W. laborer, Monday night.

The woman was stabbed both from in front and from behind, the knife penetrating the lung, and was badly slashed across the hand. Mrs. Fitch and Wendelken attended

her after her removal to the hospital. She was very sore and still bleeding Tuesday-morning and her condition was regarded as serious.

Vaughn, who was captured by Detective Renn and Officer Moore, after an exciting chase along the railroad north of the city, a pistol shot bringing him to a halt, was also cut about the fingers of his left hand. He claims that his wife was wounded from a half-dozen or more knife cuts inflicted by her husband, Herbert Vaughn, an N. & W. laborer, Monday night.

UNDERSEA WARFARE CLAIMS TWO MORE VICTIMS

GERMAN SUBMARINE IS ENTANGLED IN NET PLACED IN CHANNEL

London, April 6.—The British steamer Northlands, of 2,000 tons, with a cargo of iron ore, was sent to the bottom by a German submarine in the English channel off Beach Head on Monday morning. The Northlands sank in ten minutes. Her crew of 24 men were picked up later by the Belgian steamer Topali. The Northlands was built at West Hartlepool in 1900 and was owned by the Northlands Steamship Company, Ltd., of Cardiff.

Trawler Is Sent To Bottom By Submarine
Blythe, Eng., April 6.—The trawler Asantha was attacked by a German submarine yesterday off Lowestoft and sent to the bottom. The crew of 13 men were rescued by the Swedish steamer Ford, and landed here today.

German Submarine Is Entangled In Net
Paris, April 6.—A German submarine has been securely entangled in a net specially designed for that purpose and placed off Dover according to the Petit Journal's Dunkirk correspondent, who adds that the French naval authorities expect to capture the submersible when it comes to the surface.

German Boat Operates At Great Distance From Base
Genoa, April 6.—(via Paris).—Additional reports received here regarding the sinking by a German submarine of the Italian steamer Luigi Baraldi, indicate that she was torpedoed near the Spanish coast. If these advices are well founded they show that German underwater craft are able to operate at a great distance from their home base.

SIGNIFICANT MOVES ARE MADE BY ITALY

Rome, April 5 (via Paris) April 6.—There has been no outward change in the situation regarding the maintenance of Italian neutrality but military preparations are being pushed with ever increasing vigor. Increased activity on the part of the Italian fleet may be presaged by incidents reported from various ports which, while of no great importance in themselves, are regarded here as significant.

A battle flag blessed by the bishop of the diocese was presented to the dreadnaught Count Cavour by the Duke and Duchess of Genoa at Spezia. The presentation was made the occasion for a patriotic demonstration. The municipal authorities of Palermo presented to the new cruiser Marsala a battle flag blessed by the bishop of Mazzara.

The Duke and Duchess of Aosta paid a visit to Lagnara to say farewell to their son, Prince Aimone, who is a student at the naval academy there, and who expects soon to be ordered to sea.

King Albert's Son Fighting In Ranks

Dunkirk, April 6.—The Duke of Brabant, eldest son of King Albert of Belgium, although only 14 years of age, has enlisted in the 12th infantry. He was marching in the ranks with a rifle on his shoulder when the regiment was reviewed by his father and the Queen at Broekelle.

Benefits Resumed

Wheeling, W. Va., April 6.—Payment of strike benefits in the Eastern Ohio coal field were resumed today after suspension of several weeks. Miners received \$1 per week, women 50 cents and children 25 cents.

THE WEATHER

Ohio—Fair tonight and Wednesday. Cooler tonight.

Steamer Is Seized

Copenhagen, April 6.—(Via London).—The Swedish steamer England, from Buenos Ayres for Gothenburg, has been seized by the Germans in the Baltic and taken into a German port, according to dispatches appearing in Stockholm newspapers.

COLLEGE BOYS ARE DROWNED

Newark, N. J., April 6.—Three young men, members of the Mount Clear Academy Alumni Association, were drowned early today when an automobile in which they were riding, with four others, plunged through an open drawbridge into the Passaic river. Gordon Knapp, of East Orange, was the only one of the victims whose name had been ascertained this forenoon.

LADY LONDONDERRY NOW A COLONEL

England is organizing women's volunteer reserves. Women are taught signaling, dispatch riding, telegraphing, motorizing and camp cooking. It has been explained that the corps was for use only in the event of an invasion of England. It is not intended to use the women in aggressive fighting, but as the authorities state "to arm them for their own defense in the last extremity is very different and justifiable." Four companies have already been formed, with Lady Londonderry as colonel.

CHICAGO ELECTS MAYOR TODAY; WOMEN VOTE

Chicago, April 6.—More than three quarters of a million men and women were eligible to vote at today's election for mayor, city treasurer, city clerk, our judge of municipal court and thirty-eight aldermen. The total registration was 769,106, of whom 486,815 were men and 282,291 were women. The candidates for mayor are: William Hale Thompson, Republican; Robert M. Sweitzer, Democratic.

HAREM INMATES FLEE CONSTANTINOPLE

The bombardment of the Dardanelles defenses by the Anglo-French fleet is causing a great exodus from the Turkish capital. The inhabitants of the town are reported to be streaming towards Philippopolis and towards Euboea. The photo shows some of the veiled women whose fear of the Christian has driven them out of Constantinople.

U. S. IN NOTE TO ENGLAND INSISTS ON OUR RIGHTS

BRITISH WARSHIPS GET SUPPLIES FROM N. YORK; COLLECTOR INVESTIGATES

New York, N. Y., April 6.—Dudley P. Malone, collector of the port, made a final tour of the New York and Hoboken, N. J., waterfronts before daylight today in his effort to prevent violation of the neutrality of this port by an organization which it charges has been formed here to furnish supplies to cruisers lying off New York.

The trip along the wharves was made in the destroyer MacDonough, one of the naval vessels stationed here to guard the neutrality of the port.

Mr. Malone declared that he intended to ask the federal grand jury to take action at once against an organization, which, he said, had been engaged in a conspiracy to violate the president's prohibition of neutrality.

Evidence which the collector has obtained in a series of secret midnight tours of the waterfronts around New York on board a destroyer, it is understood, will be submitted to the grand jury.

Carrying Supplies To British Warship Fleet
This, together with information obtained by agents of the collector, he asserted, tends to show that a fleet of large tug boats has been sought by the organization having quarters in a New York hotel to move supplies from various points to British warships which have been watching the entrance to New York harbor almost since the beginning of the war.

With the aid of the grand jury Mr. Malone hoped to break up the alleged conspiracy and prevent the use of New York as a base of supplies for the warships.

"The cruisers have not the right to remain at sea beyond the three mile limit and make a neutral port in this country their base of supplies," he said.

The collector said he knew the names of British warships lying outside the three mile limit but he declined to announce them. Their number, he said, varied from two to five.

Two More Destroyers To Guard The Harbor
At Mr. Malone's request two more destroyers are expected to arrive here within a few days to aid in preventing violations of neutrality. His action, he said, was based entirely upon facts discovered by secret service men and not on complaints lodged by any foreign government.

The collector is proceeding under the provisions of a resolution passed by congress on March 3, empowering the president to direct collectors of ports to refuse clearance to vessels carrying arms, ammunition or supplies to warships of a belligerent nation.

Under this resolution masters of American vessels used for such purposes are liable to a fine of from \$2,000 to \$10,000 and imprisonment not to exceed two years. Their vessels are subject to forfeiture of the United States.

Buys Horses
Dr. Ernest Layne, a veterinary surgeon of Huntington, W. Va., purchased five horses of Frank Wigham here, shipping them to that city on the steamer Greenland.

Illinois Townships Vote On Booze Today

Chicago, April 6.—The principal issue in the township elections in 45 Illinois townships today is the wet or dry question. Nearly four hundred saloons, it was estimated, will be closed should the anti-saloon forces win. In addition to the saloons many beer peddlers' licenses in villages may be affected by the vote.

Under the Illinois license law if a township votes no license, no city, village or other municipality in the township can authorize the

issuance of a liquor license. If the township votes wet, however, the municipalities within its boundaries can vote against licensing and declare them dry.

SUSPEND PARCEL POST

Berlin, (via London) April 6.—The German postal officials have suspended until further notice parcel post service to Argentina, Columbia, Costa Rica, Greece, the Italian colonies, the Dutch West Indies, Panama, Portugal, Spain, Uruguay and Venezuela.

TERMS ARE FRIENDLY BUT FIRM IN DEMAND

Washington, April 6.—With the publication today of its note in reply to the British government's order in council prohibiting a virtual blockade against commerce to and from Germany, the American government rested its case. Great Britain is now looked to to make the next move and her course is awaited with the keenest interest in official and diplomatic circles here.

"The note, though couched in the most friendly language, denies the right of Great Britain and her allies to blockade neutral ports and reiterates the intention of the United States to insist upon its rights. It declares that to admit that right 'would be to assume an attitude of amity' toward the present enemies of Great Britain which would be obviously inconsistent with the obligations of this government in the present circumstances, and for Great Britain to make such a claim would be for her to abandon and set at naught the principles for which she has consistently and earnestly contended in other times and circumstances."

"This government, therefore," the note says, "infers that the commanders of His Majesty's ships of war engaged in maintaining the so-called blockade, will be instructed to avoid an enforcement of the proposed measures of non-interference in such a way as to impose restrictions upon neutral trade more burdensome than those which have been regarded as inevitable when the ports of a belligerent are actually blockaded by the ships of its enemy."

Points Out Interruptions To American Commerce
It is, then, added, that many possibilities are seen for "serious interruption of American trade," which would "impose upon His Majesty's government heavy responsibilities for the acts of the British authorities." The note concludes with the hope that the British government "having considered these possibilities will take the steps necessary to avoid them and in the event that they should unhappily occur, will be prepared to make full reparation for every act which under the rules of international law constitutes a violation of neutrality rights."

25-Million-Mile Tests
But the best thing these years have done is to prove that the car is right. Over 10,000 owners have now driven this car, perhaps 25 million miles. Half of them have proved it two seasons. All of these owners will vouch for this car. No mis-take has developed, no weakness, no shortcoming.

Another great appeal in the HUDSON lies in pride of ownership. The HUDSON is the class car of its type. It shows its class. And the name HUDSON, in every mind, stands for the highest standards.

Another reason lies in HUDSON service. That means protection to you. It means constant satisfaction. Now is the time—before the rush season—to find out which Light Six is best.

Germans Repulsed
Havre, April 6.—Fresh attacks by German forces against the Belgian Congo have been repulsed, according to a report made by the deputy governor general of Katanga to the Belgian minister for the colonies.

What 4 Years Did For This Hudson

The HUDSON Light Six came out first as a 1914 model. But two years had been spent in developing it, and two years have been spent on it since.

So this new model is the result of four years of refinement. Not only by Howard E. Coffin, its famous designer, but by our whole corps of engineers.

One result shows in its lightness—2,870 pounds. It is the lightest 7-passenger Six. And lightness denotes refinement. Every needless pound is a crudity, due to wrong materials or less skillful designing.

Other results show in finish, luxury, beauty, and equipment. Every detail in this HUDSON shows the final touch.

OUR FIGHT EXTRA MONDAY.

The Times again demonstrated Monday afternoon that when there is any big news going, it can be depended upon to deliver the goods and deliver them right off the bat. With our superb leased wire service from the Associated Press we were hooked up on the main wire with the newspapers in the larger cities served by this organization and Portsmouth people got the news of the outcome of the Johnson-Willard prize fight as quickly as the citizens of any other community in the country.

Right after the flash came announcing that Willard had won, the fight extra edition of The Times, containing a detailed description of the fight, was put to press and in an incredibly short time newsboys were covering the town with the Pink paper, shouting, "All About the Prize Fight." The issuing of the fight extra was done quietly, quickly and expeditiously and allowed the splendid organization that is ready for any and all emergencies.

It is the aim of The Times to give the news. We will be found doing our best all the time, giving not only the little news events of interests to the city, but also the big news both local and foreign, with our extra editions, as well as in the regular edition.

It may be interesting to the public to know that over 4800 of our extra editions were sold Monday.

Now that the great and good and godly young governor has placed the faithful on guard in the various tax assessorships, we do hope that he will rest content, and, having achieved the noble purpose of his reign, that of getting the offices, will desert in his efforts to mutilate and destroy the Warnes tax law. If it is given a chance to demonstrate its worth, say left alone for three or four years with such amendment as experience may warrant, we believe that public opinion will be such that no legislature will dare to repeal or cripple the law.

"Well, I don't see no hope for us patriots of the old gang", said the man who had fought in the trenches for twenty years as he threw himself resolutely into a seat on the street car this morning. "I'm just waitin' now to hear that John Eckhart's ambition to be deputy warden of the Ohio penitentiary has gotten it where the chicken got the axe. Then indeed will the faithful be ready for the 'at rest' sign, and the party turned over to the hushangars."

Human nature doesn't change so very much as the centuries roll on, as centuries will, and we suppose that when old Homer was trying his best to send a truly great poem marching and counter-marching down the corridors of time he was subjected to a good deal of criticism around home for dropping a little Bull Durham, or whatever kind he smoked, on the sitting room rug.—Columbus Journal.

How really great news items dwarf the ordinary run of affairs into insignificance. Our telegraph editor called our attention to the fact Monday that our News Association gave six lines to the American note to Germany about her submarine blockade while something like four thousand words were devoted to the Johnson-Willard fight.

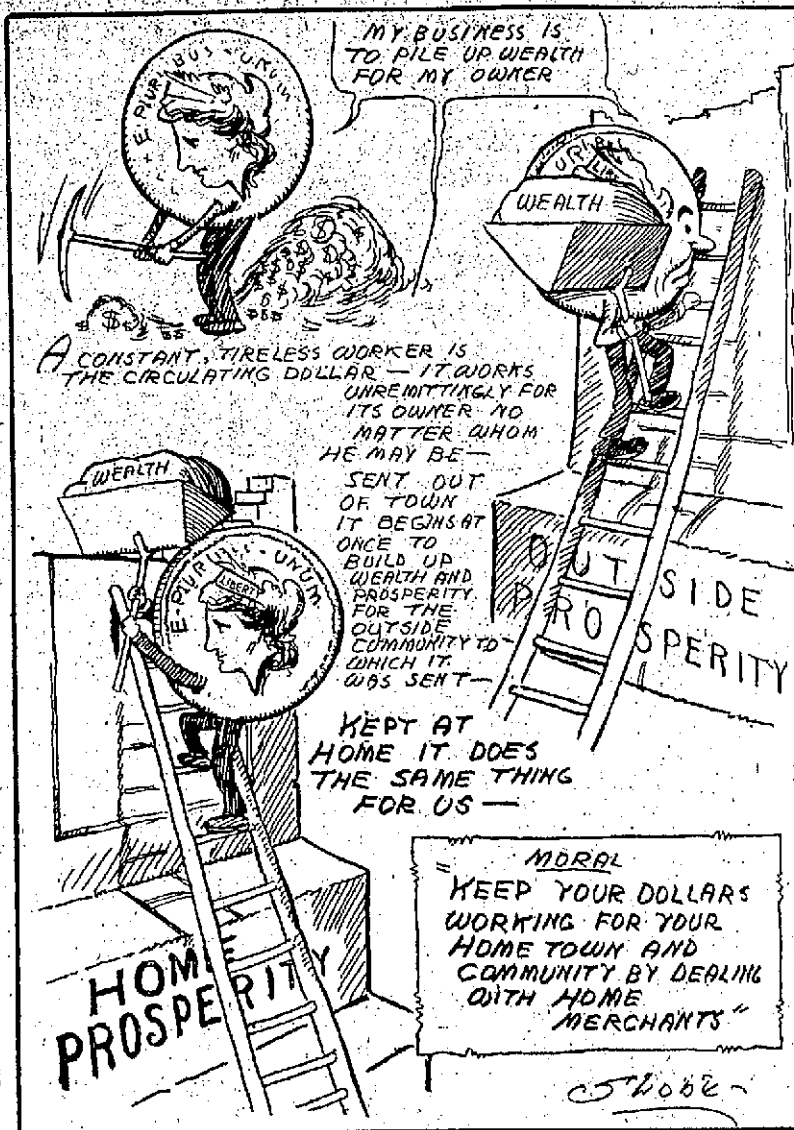

One of the beautiful things about the county commissioners' blockade of Portsmouth is that it does not require any costly dreadnaughts or battleships, or submarines to make it effective. All that is necessary is an order in council. Then, lo and behold, and the deed is done. And what is Portsmouth going to do about it?

There is one thing about our mayor and his departments that the county commissioners might well study with profit and that is you do not have to call attention twice to matters of moment to the public good. For instance those chuck holes in the city's portion of the Gallia Pike have been filled up.

We venture to suggest in a mild, innocent, soothing sort of way to The Star that it buy a few dozen of those souvenir state house spoons it is advertising and present one to each of the disappointed G. O. P. aspirants for local and state offices. It will give them something to think about besides the great trouble that has come upon them.

We rise to remark that judging by the solar plexus administered by Senator Tremper to his party organization he ought to be considered among the championship possibilities of the future when they begin figuring on somebody to clean up the victor of the Havana battle.

LEST WE FORGET

WHERE WE LOSE TRADE.

One of the worst results of the blockade of Portsmouth by means of impassable temporary roadways has been the defection of trade to near-by cities and to the mail order houses. Catalogues from mail order houses have made their appearance in dozens and dozens of houses out in the country that never knew them before simply because farmers found it so hard to get into town. Added to this, the cost of living has been increased locally because many farmers have shipped their eggs, their butter, and produce generally to Cincinnati, whereas they used to bring the same to Portsmouth. They don't do it any more and as one farmer said to the editor of The Times Saturday, "I do not know that I shall again as I have established such satisfactory connections in Cincinnati."

Now these are facts and they affect every citizen of Portsmouth. It is a condition that ought not to exist and every effort should be made to see that officials responsible exert themselves to remedy conditions.

The King of England has asked the workmen of England not to take a drink until after the war is over. Just think how much more popular he would be if he had asked every one to have something on him.

All the old fashioned women have vanished, except she who persists in starting the fire with kerosene. And yet she is sailing off to glory at the rate of four a week in this immediate vicinity.

It is suggested that Commissioner Egbert probably expects to repurchase the battleship Bonno and put her into service in transferring passengers over the new stretch of Chillicothe pike paving during the rainy season.

It really is not pleasant to hear the cruel things the members of the Republican organizations hereabouts are saying these days about our fine Christian young governor and his chief patronage dispenser in these parts, Senator Tremper.

A man in Douglas is quoted as saying: "If you want to go to heaven, pay your bills, advertise in the local paper and see that your wife goes to church."—Kansas City Star.

Here's something else to worry about. A new spot has been discovered on the Sun.

And still the business revival keeps up. The Kelley Hall works at Ironton started up again Monday with prospects for a long and steady run.

The White Hope has turned into a reality.

Business is picking up considerably.

WOMAN ON RAMPAGE

Caroline Shaw-Humphries went on a rampage and had a fight with her husband, Ed Humphries at their home, No. 1614 Eleventh street, Monday night. The woman, who had been drinking, was locked up but Humphries secured her release Tuesday morning, agreeing to produce her in court Wednesday morning.

THE ENVOUS SPARROW

One day an envious Sparrow perched upon a window sill. Said he, "The luck that some folks have just fairly makes me ill.

"Look at that young canary now, inside his cage of gold; He doesn't ever have to hunt his food and drink, I'm told.

"He simply sits and sings all day, as happy as can be, While I must work for what I eat; I envy him," said he.

His mother overheard his words, and said to him, "Indeed! I wonder how you'd like to live an outlie-fish and send!

"And then there is another thing you've overlooked," said she; "What if they should forget his food awhile, where, would he bet?"

The Sparrow said, "I had not thought about the things you say; I'm glad I am a Sparrow," and he gaily flew away.

Though you may sometimes feel abused, of this I have no doubt, If you will try I'm sure you'll find much to be glad about.

FATHER-IN-LAW ON THE JOB

Carl Stalen, a shoemaker, was brought to police headquarters by his father-in-law, James Brook, an engineer at the Selby shoe factory, Monday evening. Brook reported that Stalen had been drinking the latter's wife at their home, corner Eleventh and Chillicothe streets. Stalen was released with orders to appear in court Wednesday morning.

BONDS GO TO FIRST NATIONAL

The county commissioners of Pike county on Monday afternoon awarded \$13,000 9 1/2 per cent 20-year bonds to the First National Bank of that town on its bid at par with accrued interest. No other bids were offered. The proceeds of the bond sale will be used to pay off the indebtedness of the county for the maintenance of inmates in state institutions from Pike county, covering a period of years.

LOCAL BOY ON TITLE PAGE OF BILLBOARD

The picture of a Portsmouth boy, or to Walter Adams, foreman of the Charles Adams, graces the front cover page of the Billboard this week. Mr. Adams is a member of the All-World's Auto Polo Team that will open the season at St. Louis this week playing at the Hippodrome. He is considered the greatest star on the team and commands a handsome salary. Mr. Adams is a brother.

Was Out Of Commission

Fire Alarm Box No. 141, located at Fifth and Campbell avenues, was out of commission Monday afternoon and night and part of Tuesday, due to an accidental snapping off of the pole on which it was placed. The chimney of a house which Charles Hall was moving on Campbell avenue caught on the guy line to the pole in two. The repair was made by the firemen as rapidly as possible.

GRANDMA USED SAGE TEA TO DARKEN HAIR

She made up a mixture of Sage Tea and Sulphur to bring back color, gloss, thickness.

Common garden sage brewed into a heavy tea with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and brilliant, and remove every bit of dandruff, stop scalp itching and falling hair. Just a few applications will prove a revelation if your hair is fading, gray or dry, scraggly and thin. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-made tonic, costing about 50 cents a large bottle at drug stores, known as "Wigley's Sage and Sulphur Compound," thus avoiding a lot of mess. While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wigley's Sage and Sulphur, so no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and after another application or two, your hair becomes beautifully dark, glossy, soft and luxuriant.

PLANS LAID FOR BIGGER AND BETTER KARNIVAL

1915 Affair Will Be The Best Ever

FARMER MURDERED BY BROTHER-IN-LAW

CONTINUE EVIDENCE IN HENKEL ASSAULT CASE

Plans for a bigger and better Korn Carnival were laid at the monthly meeting of the directors of the Retail Merchants' association held Monday night and if energy and enthusiasm will turn the trick, the Korn Carnival of 1915 will surpass the one held last year, which was declared to have been one of the most complete affairs of the kind ever staged in Ohio.

At this meeting President Chas. Daghlir, announced the executive committee this year, which will have complete charge of the carnival would be composed of Arthur Bode, Albert Zoellner, Chas. Daehler, and Samuel Horchow.

Chairmen of the various committees were named as follows: Decorations, William Trisschler; premium list, Arthur Bode; finance, B. G. Harris; railroads, W. H. Burt; music, B. G. Harris; advertising, Dick Richards; parade, W. W. Anderson and amusement, St. Strauss. Mr. Strauss will have as his assistants Fitzhugh Lee and Dick Richards.

Inasmuch as Portsmouth's Korn Carnival was a little different from other shows of this character in this vicinity because no paid attractions were permitted to come here the directors have practically decided not to accept an invitation to join the Fall Festival Circuit formed at Ironton last week. The advisability of a move of this character was discussed and the matter was referred to the executive committee for final action. Other carnivals held in this section are usually overrun with paid attractions the committee claimed.

In the way of amusements this year's carnival should surpass all others as particular attention will be paid to this end of the event by St. Strauss, chairman of the amusement committee. Mr. Strauss is looking for outside parties to reach the city Wednesday when the first amusement contract will probably be awarded. The following rules governing corn growing contests, which is always a feature of the big show were drawn up and adopted last night:

No. 1. Each entry shall consist of one acre laid out in rectangular shape, either 5 by 32 rods; 8 by 20 rods, or 10 by 16 rods.

No. 2. The acre entered shall be properly identified; location, description and suitable markers erected so that the referees may easily find the same.

No. 3. There must be, at least an 18 inch border on all four sides of the growing corn, which border

is to be planted in the acre. No corn shall be grown on this border.

No. 4. In measurement of the acre, the 18 inch border must be included on all four sides; that is the measurement must start 18 inches outside of the rows on the sides and 18 inches outside the hills on the ends.

No. 5. Contests are of two classes:

(a) Open to adults within a radius of 25 miles of Portsmouth, Ohio.

(b) Open to any boy or girl within the radius of 25 miles of Portsmouth, Ohio, who was not over 18 years of age on January 1, 1915.

No. 6. An award of \$50 will be paid to the winner in each of these classes.

No. 7. The contestant in each class raising the largest amount of shelled corn on one acre of ground and complying with the rules shall be declared the winner.

No. 8. Intention to contest, designating the class, must be filed in writing on or before June 1, 1915, with Maurice A. Coe, secretary, room No. 322 Masonic Temple, Portsmouth, Ohio.

No. 9. The corn must be husked direct from the standing stalks between six a. m. October 25th and six p. m. November 6, 1915.

No. 10. The referees shall be three reputable, disinterested persons selected by the contestants. The referees shall measure the acre of standing stalks and witness the husking. They may assist in husking, and shall weigh the corn in ear from the entire acre and then give the contestant ten minutes' time in which to select 100 pounds of ears which shall be used as a basis in computing the yield of shelled corn of the entire acre.

No. 11. The certificate of the referees as to the measurement and weight shall not be questioned, and each contestant shall be placed upon his honor for fair and honorable conduct in this contest. Contestants should keep a complete record of all the work done, time spent and material used and report the same, if requested, to the secretary.

No. 12. Each contestant must display ten ears of corn at the Korn Carnival, October 6, 7, 8, 9, 1915.

GOETHALS MAY BUILD RAILWAY

Washington, April 6.—Work on the new Alaska railway, it was said today, will begin soon after President Wilson announces the route.

The name of Major General George W. Goethals, who built the Panama canal and Lieutenant Colonel J. J. Morrow, who was president of the Alaska railroad commission have been mentioned as possible builders if an army officer of the engineer corps is placed in supreme charge.

Again In Trouble

James Craig and Melvin Jenkins, junkmen, who a few days ago were taken into custody and lectured for alleged stealing some work clothes and rags from Will Graham's home in the West End, were arrested again Tuesday morning for petty thieving.

The two men were caught by Grocer James Newkirk, of Thirtieth street, he says, in the act of totting away a jar of apple butter from the shelf at the rear of his store and he forced them to take it back. He pointed out the two to Officer Allen and they were locked up. They will be given a hearing Wednesday morning.

Another tragedy was added to the list of fatalities in the White Oak, Ky., neighborhood Tuesday morning when Paris Henderson, a farmer, is said to have shot and instantly killed his brother-in-law, Charles Hillis, also a farmer. Henderson made no effort to escape, claiming that he shot in self defense.

He was still at home two hours after the shooting, awaiting the arrival of the coroner to make an investigation.

Hillis married Henderson's sister, but they have been living apart, Mrs. Hillis making her home with her brother, who denied Hillis admission to the house. Hillis called about eight o'clock this morning, and attempted to enter the house. He was denied admittance, but insisted upon getting inside.

During the quarrel, Hillis fell to the ground, mortally wounded, having been shot through the heart.

At ten o'clock the arrival of the coroner was still being awaited, Hillis' body remaining where it fell. White Oak is half way between Tollesboro and Concord, Ky.

GERMANY HOLDS AUSTRIA AGAINST PEACE EFFORT

Rome, April 5 (via Paris, April 6).—Any effort by Austria to conclude a separate peace is considered highly improbable by the Giornale d'Italia, which declares the military organization of the dual monarchy is in the hands of Germans fighting with her "only one body if not one soul."

The paper argues therefore, even materially any effort of Austria to come to terms separately with the nations now arrayed against her.

Such a step would be also highly humiliating to Austria in her relations with Serbia, the Giornale d'Italia says, as well as a confession that the central empires considered themselves beaten. "Austria," the paper says, "represents merely a military embarrassment for Germany but she represents also a large contingent of men and materials diverting the Russian avalanche from Germany. Germany might permit negotiations only if she considered them to be the first step toward a general peace."

The Movies

Gaby Deslys At Lyric Today

Mlle. Gaby Deslys, the world-famous beauty and dancer, is presented for the first time to the motion picture public in an original photograph written especially for the talented star, entitled "Her Triumph." This novel film story was produced in Gaby's native country, France, by the Famous Players Film Company, who release the production on the Paramount program. The attraction at the Lyric today.

The name of Gaby Deslys, the lovely and artistic little dancer who leaped nimbly from compar-

ative obscurity into the brilliance of fame's lime-light, in almost the twinkling of an eye, and whose undoubted ability as a dancer, as well as her quaint and elfin beauty, have proved her right to the laurels thrown at her twinkling feet alike by kings and peasants, is today so universally known that further heralding is unnecessary. Many of the dancers which have helped to win her fame and fortune are presented in the photograph.

"Her Triumph" deals with the victory of good over evil. Mlle. Deslys portrays the character of the poor little understudy to the famous Mlle. Simonde, a favorite of the theatre, who wins the love of the leading man, at the same time incurring the hatred and jealousy of the star. The latter refuses to play her part in one of the performances, and Mlle. Deslys is given the opportunity she has long striven and waited for. Her success is sudden and amazing. Overnight the poor little understudy finds herself the sensation of the city. This success adds to the increasing hatred of Mlle. Simonde, who makes many effort to ruin Gaby's career. She does not even stop at an attempt of murder. The bullet strikes the leading man. Many thrilling incidents follow rapidly throughout the action of the story. How the over-night star overcomes all the difficulties; how she triumphs over the jealous Mlle. Simonde and how love brings final happiness to the new star are all brought forth most effectively in the development of the plot.

Mlle. Deslys' name is known from coast to coast, and in both hemispheres, but her appearance in motion pictures will undoubtedly place her before millions to whom her fame was before represented only by the printed and spoken word. She will also astonish many who have never suspected her ability as an actress. Her characterization is the most versatile seen on the screen in months.

The feature is bound to attract attention for a long time.

The admission will be 10 cents and the first afternoon show at 1:30, the first evening show at 7:30. The picture will last about 100 minutes, who makes many effort to ruin Gaby's career.

BACK TO WORK

The clouds are lifting over the vast N. & W. shops in East Portsmouth.

Twenty-five machinists and helpers were put to work in the shops there Tuesday morning. Business is picking up in all departments it is stated and the outlook on the various divisions of the N. & W. is much brighter right now than it has been for a long time.

GREENUP MAY HAVE PAVED STREETS

A movement has been launched in Greenup that is calculated to culminate in the paving of the principal streets of the town, and it is said the matter is to be brought up at the next meeting of the council and some definite conclusion will probably be reached at that time.

The trial of W. H. Henkel, accused of rape upon Mrs. William Barker, of near Haverhill, was resumed Tuesday morning at nine o'clock before Judge Thomas and jury in common pleas court, with the state still calling witnesses. The state will not rest its case until late this afternoon.

All efforts of the defence to introduce evidence derogatory to the victim, and chief prosecuting witness in the trial of W. H. Henkel, accused of rape upon Mrs. Mollie Barker, of near Haverhill, were unsuccessful Monday afternoon. The court held that such testimony, even if it could be produced, was not proper in the case at trial.

In the cross-examination of Mrs. Barker, Attorney Gilliland, for the defense, attempted to bring out certain alleged facts that reflected on her, but Judge Thomas would not let them get before the jury. He held that in a case of rape the character of the victim had nothing to do with the guilt or innocence of the accused.

Mr. Gilliland was unable to shake Mrs. Barker's story on cross-examination materially, although he subjected her to a grueling examination.

Dr. Massie On Stand

Dr. H. F. Massie, of Haverhill, was the second witness called by the state. He testified that he was called to attend Mrs. Barker after the assault and that he found evidence that she had been assaulted and beaten. He said her cheeks and eyes were swollen and bruised and her lips bleeding. He also said she was in an extremely nervous condition, and was suffering extreme mental agony.

Dr. Massie identified Henkel as the man who was apprehended by the posse and held at the Haverhill station on the night of the assault until the arrival of Sheriff Smith. He said his clothes were torn, wet and muddy.

Miss Brush Testifies

Miss Olive Brush, to whose house Mrs. Barker went for refuge after the assault, was the next witness.

She told of having seen a man and woman walking along the railroad track near her home on the day of the alleged crime. She says that when they neared her home they started across the field to the house. A short distance from the house, she says, the woman started to run towards it, and as she came nearer, the witness testified that she recognized the woman as Mrs. Barker. Her clothing was wet and torn, and her face bore marks of assault, she said.

Witness called in Mrs. Eliza Whitman, a neighbor woman, who came and took Mrs. Barker to her home for treatment, where she remained for two or three days.

Wm. Gruffy Testifies

William Gruffy, an N. & W. brakeman, told of finding a suitcase along the Haverhill siding on the day of the alleged crime. He said he opened it and found the name "W. H. Henkel, Wheelersburg, O.," written on a box inside.

Mrs. Whitman On Stand

Mrs. Eliza Whitman, of near Haverhill, was the next witness.

She told the jury about having been called to the Brush home by Olive Brush to assist Mrs. Barker, and of finding her in just such a condition as Mrs. Barker had testified to on the witness stand. She then told of taking care of her for three days, and told of her extremely nervous condition and bruised state. She also identified the torn and muddy clothing as belonging to Mrs. Barker.

David Vallance Tells Story

David Vallance, a farm laborer on the Baynton farm, said he saw a man and woman walking west along the tracks on the afternoon of the alleged crime while he was hauling fertilizer on the farm. Some time later he said he saw the man walking across the field in an opposite direction, and on quitting work learned of the assault.

Mr. Vallance testified that he visited the scene of the assault soon after it is alleged to have occurred, at the request of Mrs. Barker, and that he investigated the place, which bore signs of a recent scuffle. He said he found Mrs. Barker's watch and her rubbers there and returned them to her. He also testified that he saw Henkel after he had been captured and that he considered him to be in a drunken condition.

Testify

McClellan Johnson and James Druphy, conductor and brakeman, respectively, on the N. & W. passenger train in which Henkel and

Mrs. Barker were riding on the near-railroad track while he was on his way home with his crew on a hand-car. The man was carrying a lady's hand-bag, he said, and being under the influence of liquor. When he reached home and learned of the assault he immediately thought of the man and started out in pursuit on a hand-car, he said. He said he and his men captured Henkel about one mile west of the scene of the alleged crime and held him until the arrival of the county authorities.

Robert Griffin, Louis Steadler, John Carr, George Norris and Harry Lavender, all section men, testified in turn, corroborating Barker's testimony about seeing Henkel and also the evidence concerning the capture. The court then adjourned until Tuesday morning at nine o'clock.

Mr. William Barker, husband of the alleged victim, created a little stir in the court room when he reached in his pocket and produced papers in divorce to show that he had been legally separated from his former wife. He displayed anger when Mr. Gilliland, on cross-examination, quizzed him about his matrimonial affairs.

Mr. Barker, who is a section foreman on the N. & W., told of having seen a man answering Henkel's description walking through the field

The passing of ordinances for the new sewer and fire equipment and the purchase of 500 feet of hose courtesy of the chief work of New Boston council at their regular meeting Monday evening.

J. C. Harris was the only absentee. A schedule of bills amounting to \$549.76 was allowed. Contractors Watkins and Phillips who are laying the village water mains were allowed their third estimate amounting to \$800. A balance of \$5346.32 remains to be paid.

A petition presented by Leonard Elmhurst asking that the cost of a sidewalk on the east side of Ohio avenue, south of Grace, be removed from his taxes, the chief reasons being that it is low and nearly always covered with water, that it is of no use as no one lives on that side of the street and that he was not notified to lay a walk, was referred to the street committee.

Council raised a "howl" over the cost of serving street paving notices to all property owners in the village. It cost \$334 to serve the notices. The mayor stated that it cost about as much to serve the notices as it did to pave the streets. The party serving the notices is allowed twenty-five cents for each mile traveled in serving the notices. The notices were served by Clerk Thomas O'Neal and Grant Dixon.

Mayor J. S. Davis' report for March enriched the village treasury \$45.

Mayor Davis' reasons why Deputy Marshal William Fremont was dismissed from service several weeks ago was read and placed on the minutes. Fremont discharged his duties contrary to the mayor's instructions. Mayor Davis said in his report, Fremont who was present stepped forward saying, "I deny the charges."

Solicitor Skelton cited the law in such matters and the subject was passed by with a motion ordering the report on the minutes.

Mayor J. S. Davis' appointment of the Wells as deputy marshal was approved by council. He is a Republican. The appointment of David Truman as extra deputy marshal was given no consideration by council when Clerk Thomas O'Neal made it known that there was no fund from which to pay the extra man's salary. Mayor Davis stated that the village badly needed more than one officer on the job at night.

Solicitor Skelton reported that street improvement notices had been served on all the property owners on Oak street, Park avenue, Ohio avenue, Vine street, Center street and West avenue. There are several notices to be served on property owners on Gallia pike, Rhodes avenue, Harrisonville pike and Grace street. The solicitor reported that he anticipated no trouble in selling the \$103,000 street improvement bonds. Two weeks will be allowed property owners to file claims for damages.

Charles Dixon, chairman of the street committee, reported that Gallia pike, several alleys and Taft street had been repaired as ordered.

Clerk Thomas O'Neal passed his usual monthly report.

An N. & W. demurrage bill of \$1.00 which has been hanging fire for sometime was settled when Engineer Harper paid the bill.

Member W. T. Harr speaking for J. V. Thomas asked that council take some steps in making the United Fuel and Gas company ex-

Three sewer ordinances which were passed will give the upper end of the village or Sturwille a fine drainage system. Work will be started at once by Engineer Harper. The ordinances read as follows:

"Approving plans, specifications and estimates, appropriating money to pay the cost and expense of laying a twelve inch sewer beginning at west end line of Harrisonville avenue and extending east for a distance of 275 feet to a point on the north curb line of Pine street, the cost to be \$140.75."

"Approving plans, specifications and estimates, appropriating money to pay the cost of laying a twelve inch sewer, beginning at the west curb line of Harrisonville avenue and extending east 250 feet to north curb line of Spruce street, the cost being \$134.50."

An ordinance calling for new fire equipment, including a motor truck and all equipment was passed as follows: "Approving plans, specifications and estimates, appropriating money and authorizing contract for erecting buildings necessary for a fire department and purchasing fire engine and equipment and furnishing said buildings and fire engines, all come within \$2400."

Mr. Abbon, representing the Chicago Fire Hose company of Akron, addressed council and advised the purchase of some hose at the present time as the water system has progressed so far that hose can be used. After listening to an hour's talk by Mr. Abbon a caucus was held and a motion was made by Member Dixon that the mayor and clerk be authorized to enter into a contract with Mr. Abbon of the Chicago Fire Hose company for the purchase of 500 feet of single jacket hose at 95 cents per foot, also the purchase of two Halsey shut-off nozzles at \$12 each.

A motion was passed naming Clerk O'Neal as custodian of all plans, specifications and profiles belonging to the village. Former village engineers are supposed to have plans in their possession which belong to the village.

HONEYMOON ENDS IN A FIGHT; BRIDE IS CUT

Miss Lindsey-Vaughn, a nee bride of five months, lies at Hempstead hospital dangerously wounded from a half-dozen or more knife cuts inflicted by her husband, Herbert Vaughn, an N. & W. laborer, Monday night.

The woman was stabbed both from in front and from behind, the knife penetrating the lung, and was

also badly slashed across the hand. Mrs. Fitch and Wendelken attended her after her removal to the hospital. She was very sore and still bleeding Tuesday morning and her condition was regarded as serious.

Vaughn, who was captured by Detective Reno and Officer Moore, after an exciting chase along the railroad north of the city, a pistol shot bringing him to a halt, was

also cut about the fingers of his left hand. He claims that his wife was the aggressor and first attacked him with a knife while he was seeking to make her return home. She had been drinking and had been loitering about in the N. & W. cut. Vaughn had also been drinking. He has been a resident here for the past seven years. His wife is a native of Tennessee.
